Honorable Richard J. Daley, Mayor, submitted the following communication, which was, together with the proposed ordinance transmitted therewith, *Referred to the Committee on License:*

OFFICE OF THE MAYOR
CITY OF CHICAGO

April 8, 1970.

To the Honorable, the City Council of the City of Chicago:

GENTLEMEN—I transmit herewith a proposed ordinance amending the License Fee required for certain meat inspection activities carried on by the Board of Health to the level set out in the Federal guidelines to the Wholesome Meat Act.

Your favorable consideration of this proposed ordinance would be appreciated.

Very truly yours,
(Signed) RICHARD J. DALEY,

Centennial Observation of Great Chicago Fire.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

WHEREAS, The year 1971 will bring to observance the 100th anniversary of the Great Chicago Fire; and

WHEREAS, The historian tells us: "On October 8, 1871, the 335,000 inhabitants of Chicago enjoyed a bright Sunday . . . almost no rain had fallen for three months . . . there was fear that a greater conflagration might follow a fire of the night before that destroyed four city blocks . . . "; and

WHEREAS, The historian continues: "The alarm came in soon after 9 o'clock on Sunday evening—a cowbarn at the rear of Patrick O'Leary's cottage at 137 DeKoven Street was ablaze . . . "; and

WHEREAS, The historian further relates that the flames became uncontrollable in an "incredibly short time," jumping the Chicago River before midnight and moving rapidly in a northeasterly direction, and raging through business and residential areas until rain came late Monday afternoon; and

WHEREAS, In little more than two days the heart of the city had been reduced to smoking ruins, property valued at $200,000,000 had become rubble; 90,000 people were homeless, and 300 were dead; and

WHEREAS, While the nation and people throughout the world sorrowed sympathetically at Chicago's fate, and aid for the distressed came from many sources, the concensus was that the city could never rise again; and

WHEREAS, These dire forebodings failed to take into account the indomitable "I Will" spirit of the people of Chicago, who set to work among the smoldering embers to rebuild their city, succeeding so well that, by 1875, only isolated traces of the catastrophe remained; and

WHEREAS, Our city's phoenix-like rise from the rubble of the holocaust astounded the universe and established patterns of progress and examples of courage and determination which are the basis of our present-day position of eminence among the great metropolitan centers of the world; now, therefore,

Be It Resolved, By the members of the City Council of the City of Chicago, in meeting assembled this eighth day of April, A. D., 1970, that for the commemoration of the Great Fire of 1871, and particularly in salute to the persisting spirit which has guided Chicago's destiny, the year 1970 be designated as the Centennial of Chicago's Rebirth; and

Be It Further Resolved, That His Honor, Richard J. Daley, Mayor of Chicago, be and is hereby authorized to appoint members of this body to join with a commission of representative citizens to make suitable plans, and to execute such measures and programs suitable to the commemoration of the Great Fire of 1871, to the end that it shall be impressed upon the present, and future generations, that our city's future destiny is in the keeping of the will and self-determination of its people.

Alderman Holman moved to *Suspend the Rules Temporarily,* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Holman said proposed resolution was *Adopted,* by yeas and nays as follows:

WHEREAS, The Chicago Black Hawks won the Eastern Division Championship of the National Hockey League with a total of 45 games won, 22 games lost and 9 games tied during the 1969-70 hockey season, for a total of 99 points; scoring a total of 250 goals while giving up only 170 goals to their opponents, the opponent's goals being the lowest total against any team in either the Eastern or Western Division of the National Hockey League; and

WHEREAS, The Chicago Black Hawks accomplished a phenomenal first in National Hockey League history in rising from sixth place to first place, all in one season; and

WHEREAS, The Chicago Black Hawks' victory is an outstanding achievement in Chicago sports history; a result of great team play and great coaching; truly demonstrating Chicago's spirit of "We Will"; and

Nays—Alderman Rayner—1.

Alderman Campbell moved to *Reconsider* the foregoing vote. The motion was *Lost.*

The following is said amended resolution, as adopted:

WHEREAS, The existence of hunger, malnutrition and dietary deficiency is contrary to the public policy of this city by reason of its incompatibility with the health, dignity, decency and public welfare of our citizens; and

WHEREAS, The terms welfare, relief, public aid and general assistance have historically been utilized to identify programs which assist those in our society who are unable, for whatever reason, to provide for themselves a livelihood compatible with health and well-being; and

WHEREAS, Programs of the City of Chicago and the County of Cook are currently providing free food at a rate of one million meals a day at a cost of more than $100,000,000 a year; an emergency food center is open day and night to provide free food in cases of urgent need; the County Department of Public Aid provides 875,000 free meals daily for 318,000 persons needing food on a long term basis; the Board of Education free lunch program provides for 116,000 elementary school children in 235 inner-city schools, as well as breakfasts for 5,000 children daily; food stamps available to all low income groups are being used by over 113,000 persons a day to augment their food budgets and additional programs to provide food to pregnant mothers, infants and senior citizens are in being. These programs which are available to all must be expanded by increased State and Federal funding; and

WHEREAS, The concept of "basic maintenance of support" as set out in the Illinois Public Aid Code reflects the community's abhorrence to the fact that any of its members be found suffering from hunger and malnutrition. Toward this end the Public Aid Code establishes standards for food allowance and provides programs intended to satisfy the nutritional and dietary needs of all citizens in the State; and

WHEREAS, State funds made available directly to individuals and families through food allotments or indirectly through programs for emergency food, school lunches and the like have been set at a minimum level and found to be rigid in the face of inflation, unrelated to the realities of the marketplace and generally inadequate to meet a daily dietary level necessary for health and well-being; and

WHEREAS, The cost of hunger and malnutrition to society can be measured not only in terms of human misery, impaired learning potential, increased mortality rate and a declining level of public health but is also directly attributable to increased cost of medical and dental care, special educational needs and increased institutional costs; and

WHEREAS, The State in pre-empting the field of public aid and general assistance eliminated Chicago's Department of Welfare in 1957 and has prescribed comprehensive rules, regulations and standards for the administration of public aid, aid to the aged, blind or disabled, aid to families with dependent children and general assistance on a uniform basis throughout the State. The dietary needs and nutritional well-being of citizens dependent upon these programs requires adequate standards not minimum standards, calls for expanded funding and demands realistic regulations aimed at encouraging participation rather than discouraging it. Legislative ceilings set on assistance as well as the criteria set by the Illinois Department of Public Aid on school breakfast and lunch programs, emergency food allotments, food stamp programs and sustenance allotments generally need be reevaluated and set at levels compatible with the declared policy of the State—"standards of financial aid and services as will encourage and assist recipients to maintain a livelihood compatible with health and well-being . . ."; and

WHEREAS, The Federal government has from time to time initiated food supplement and surplus food programs which serve to increase the resources available to meet the problem of hunger. The successful utilization of these additional benefits is directly related to the ability of the Illinois Department of Public Aid to qualify the State and its needy for the program—success can be measured only by satisfied nutritional needs. The Public Aid Code specifically directs that this be done. When it is not done, the Federal Program is rendered ineffectual by State indifference. Increased Federal activity in the surplus food outlays and reduced administrative delay in delivering these commodities to those whose needs cannot abide further delay are of the utmost urgency; and

WHEREAS, Agencies of government, the media of communication, business, labor and citizens in every walk of life should take steps to assure that the broadest possible level of knowledge and understanding be achieved in the community relative to the existing programs against hunger and malnutrition. Widespread and repeated notification of these programs, their location, eligibility and benefits will do much to set a community tone which encourages the undernourished to make their needs known; now, therefore,

Be It Resolved by the Mayor and Members of the City Council:

1. That the existence of hunger, malnutrition and dietary deficiency be and the same is hereby declared to be contrary to the public policy of the City of Chicago and that all steps necessary to eradicate this public blight and personal tragedy be taken to eliminate the same.

2. That information regarding existing programs for emergency food, food supplements, surplus food, food stamps and school breakfast and lunch be given the broadest possible dissemination throughout the city with particular emphasis in the areas of the greatest concentration of the poor and that CCUO report monthly to the Mayor and City Council on the number of persons found suffering from hunger and malnutrition as ascertained by the door to door survey conducted by its community representatives, and further that the Department of Human Resources, in conjunction with the Chicago Committee on Urban Opportunity and the Model Cities Program, immediately initiate a program to provide food or nourishment to alleviate hunger when found in emergency conditions among citizens.

3. That Urban Progress Centers, Neighborhood Service Centers, police and fire stations, war offices

and all other governmental offices or facilities be supplied with detailed and particular information as to the availability of and steps necessary to secure nutritional and dietary assistance.

4. That the Governor and the General Assembly be memorialized to adopt and sign amendments to the Illinois Public Aid Code eliminating the cruel and unrealistic ceilings on the basic allotments for food and lodging, and increase significantly school breakfast and lunch appropriations.

5. That the State Department of Public Aid revise eligibility standards and adopt procedures to assure a basic nutritional and dietary standard "compatible with health and well-being;".

6. That state and county welfare offices established for the purpose of distributing emergency assistance be relieved of administrative burdens which delay assistance, be guided by a "presumption of need" when confronted with an applicant for emergency aid and be geographically located on the north, west and south sides of the city to better serve the needy.

7. That the rules and regulations of the State Department of Public Aid be amended so that emergency assistance when granted, absent a showing of fraud, not be deducted from successive regular monthly allotments of public aid and general assistance. This additional latitude is justified in the name of decency, justice and humanity and shall be accompanied by a dramatic increase in available Family-Budget Planning Courses to assist individuals in the determination and elimination of the causes of such emergencies.

8. That the Senators and Representatives in the Illinois Congressional delegation be urged to press for broader Federal legislation and expanded food surplus programs and allotments for both welfare recipients and non-recipients to alleviate the intolerable and unconscionable condition of hunger and malnutrition during a time of plenty.

9. That business, labor, commerce, industry, religious and fraternal organizations and Chicagoans in every walk of life be encouraged to assist the needy in an awareness of the programs available to meet their nutritional needs and that each person make it his purpose to identify those among us who through fear, uncertainty, incapacity, lack of information, pride or embarrassment are and have been reluctant or unwilling to come forward and receive the help which this city, state and nation is most anxious to provide.

WHEREAS, The public health and welfare of the citizens of the City is of primary concern to this City Council regardless of the preemption of the welfare and general assistance field by the State of Illinois; and

WHEREAS, The existence of the condition of hunger among our citizens, the resultant emergency in providing a solution therefor and the inability and unwillingness of State and Federal agencies to adequately protect the citizens of Chicago therefrom was unforeseen at the time of the passage of the Annual Appropriation Ordinance for the year 1970, making it imperative to pass the following emergency appropriation for the year 1970 pursuant to Section 8-1-6 of the Illinois Municipal Code (Ill. City of Chicago vs. Frank D. Mulkey, et al., Illinois Supreme Court No. 41419. This was an action charging two defendants with possession of burglary tools in violation of section 193.10 of the Municipal Code of Chicago wherein both defendants were found guilty and were fined two hundred dollars each in the Circuit Court of Cook County. On appeal to the Illinois Supreme Court the contention of the defendants was that the ordinance finding them guilty was unconstitutional. The Illinois Supreme Court reversed the conviction holding that intent is an essential element of the offense, which element is lacking in the particular ordinance, therefor the defendants were convicted without this proof. The judgment of the Circuit Court of Cook County is reversed.

in CHICAGO TITLE AND TRUST BUILDING, 111 West Washington Street, Chicago, Illinois, called the BUILDING throughout this Lease, for the term commencing May 1, 1970 and ending April 30, 1971, unless sooner terminated, to be occupied by Lessee for the following purposes, but no others, Bureau of Wiring and Repair.

LESSOR AND LESSEE AGREE:

1. LESSEE'S PAYMENTS. (a) Lessee shall pay rent to Lessor at the office of the Building, of the total amount of SIX THOUSAND FIVE HUNDRED ELEVEN and 20/100 Dollars ($6,511.20) in installments as follows: TWELVE (12) of FIVE HUNDRED FORTY-TWO and 60/100 DOLLARS ($542.60)

payable in advance on the first day of each month.

(b) All other payments due from Lessee to Lessor under this Lease shall be payable ten days after Lessor has given Lessee a written statement of the amount due.

2. SERVICES. Lessor will provide:

(a) JANITOR SERVICE as is generally furnished in similar buildings. Lessee shall not provide janitor service for the premises without obtaining Lessor's written agreement, which service shall be subject to Lessor's supervision.

(b) AIR CONDITIONING, except on Sundays and holidays, from 8 A.M. to 6 P.M., Mondays through Fridays and from 8 A.M. to 1 P.M. on Saturdays. For all purposes of this lease "air conditioning" shall be construed to include in addition to air circulation and cleaning:

i. HEAT, which shall be furnished when in Lessor's judgment heat is necessary for comfortable occupation of the premises; or

ii. COOLING, which shall be furnished when in Lessor's judgment cooling is necessary for comfortable occupation of the premises.

(c) WATER from Lessor's fixtures installed in the Building. If Lessee uses water for other than ordinary office purposes, Lessee shall pay Lessor for the water so used at reasonable rates fixed by Lessor.

(d) ELEVATOR SERVICE as is furnished in similar buildings.

(e) ELECTRICITY, through connections with conduits of the Commonwealth Edison Company, when and as furnished by that company to Lessor. Electricity used by Lessee shall be measured by meters supplied by Lessor, and Lessee shall reimburse Lessor for all electricity used in the premises, at the rates customarily charged in the Building for similar service

(f) TOWEL SERVICE, at the option of Lessor, for which service Lessee shall pay the rate prevailing from time to time for like service in similar buildings in Chicago. Lessor, at its option, may discontinue towel service after ten days' written notice to Lessee, in which event Lessee may obtain towel service from other sources, subject, however, to reasonable regulations of Lessor.

(g) If during the term of this Lease the tenants of three-fourths or more of the space above the sixth floor of the Building shall cease regularly to occupy such space for business purposes on Saturdays, at Lessor's election, and after notice to the Lessee, Lessor may furnish only the air conditioning, elevator and other similar services which are customarily furnished on Sundays and Holidays.

Lessor will endeavor to continue the services mentioned in this Section 2 without interruptions, but shall not be responsible for interruptions in such services caused by repairs, additions, improvements or alterations in the Building or by any cause or event which Lessor does not control.

3. RIGHTS RESERVED BY LESSOR. Lessor may exercise the following rights and their exercise shall not affect Lessee's obligations under this lease:

(a) To change the name of the Building.

(b) To designate the sources from which Lessee may obtain ice, drinking water, towels, toilet supplies or sign and lettering services for office doors.

(c) To retain pass keys to the premises.

(d) To enter the premises at reasonable hours for reasonable purposes.

(e) To show the premises to prospective tenants during the last ninety days of the term of this Lease.

(f) To decorate or to make repairs, alterations, additions, or improvements, whether structural or otherwise, in and about the Building, or any part thereof, and during such repairs, alterations, improvements or decorations temporarily to close doors, entry ways, public spaces and corridors in the Building and to interrupt or temporarily to suspend Building services and facilities, all without abatement of rent or affecting any of Lessee's obligations hereunder.

4. CARE OF THE PREMISES. Lessee shall be responsible for all damage done to the premises or to the Building by Lessee or by Lessee's employees, agents, invitees or customers, and Lessee shall promptly reimburse Lessor for the full cost of all such damage.

5. SURRENDER OF PREMISES. Upon any termination of this lease, by expiration or otherwise: (a) Lessee shall immediately surrender possession and vacate the premises; (b) Lessee shall return the premises to Lessor in as good condition as existed when Lessee went into possession, except for reasonable wear and tear and damage by any casualty and (c) Lessee hereby grants to Lessor full license to enter into the premises in the event of any such termination.

6. REMOVAL OF LESSEE'S EQUIPMENT. Lessee may remove, prior to termination of this Lease, all floor covering, radiator covers, Venetian blinds, window ventilators and other similar equipment which Lessee may have installed, provided that Lessee shall restore the premises to substantially the same condition that existed prior to such installation. If Lessee fails to remove such equipment at or prior to such termination of this Lease, such failure shall constitute an abandonment of any and all items not removed, and title thereto shall pass to Lessor as of the date of abandonment.

7. POSSESSION AFTER EXPIRATION OF LEASE. If Lessee remains in possession of the premises, or of any part thereof, after the termination of this Lease, whether by expiration or otherwise, Lessee shall pay Lessor rent at double the rate specified in Section 1 (a) of this Lease for the period during which Lessee so remains in possession. If Lessee should remain in possession of the premises or of any part thereof after the expiration of the term of this Lease, at the option of Lessor expressed in a written notice to Lessee and not otherwise, such holding over shall constitute a renewal of this Lease.

8. ASSIGNMENT AND SUBLETTING. Lessee shall not assign this Lease or permit the assignment thereof by operation of law. Lessee shall not sublet the premises or any part thereof, nor permit use thereof by any person other than Lessee and Lessee's employees.

9. ALTERATIONS. Lessee shall not make alterations in or additions to the premises without Lessor's advance written consent, and, if such consent be given, Lessee shall comply strictly with all conditions contained in such consent. Alterations and additions to the premises so made by Lessee shall upon installation be and remain the property of Lessor without reimbursement of Lessee.

10. BUILDING REGULATIONS. Lessee agrees to comply with the rules and regulations which are printed on the back of this Lease and which are made a part of this Section 10, as though here set out in full.

11. DAMAGE OF PREMISES BY FIRE OR OTHER CASUALTY. If the premises or the Building are made untenantable by fire or other casualty, Lessor may elect (a) to terminate this Lease as of the date of the fire or casualty by notice to the Lessee within thirty days after that date, or (b) to repair, restore or rehabilitate the Building or the premises at the Lessor's expense within sixty days after the Lessor is enabled to take possession of the injured premises and undertake reconstruction or repairs, in which latter event this Lease shall not terminate but rent shall be abated on a per diem basis while the premises are untenantable. If the Lessor elects so to repair, restore or rehabilitate the Building or the premises and does not substantially complete the work within the sixty day period, either party can terminate this Lease as of the date of the fire or casualty by notice to the other party not later than seventy days after the Lessor is enabled to take possession of the injured premises and undertake reconstruction or repairs. In the event of termination of the Lease pursuant to this Section 11, rent shall be apportioned on a per diem basis and be paid to the date of the fire or casualty.

12. DEFAULTS OF LESSEE.

Upon the happening of any of the following:

(a) if Lessee defaults in any of Lessee's undertakings in this Lease; or

(b) if any voluntary or involuntary petition or similar pleading under any bankruptcy act be filed by or against Lessee; or

(c) if any voluntary or involuntary proceeding be instituted in any court to declare Lessee insolvent or unable to meet debts; or

(d) if the leasehold interest of Lessee be levied upon or attached by process of law; or

(e) if Lessee makes an assignment for the benefit of creditors; or

(f) if a receiver be appointed for any property of Lessee;

Lessor at its election, and with or without notice, may forthwith terminate this Lease, or take any action available in law, without such termination or other action affecting any rights which it may have against Lessee for past due or future rents or other obligations under this Lease.

If Lessee abandons the premises, Lessor may enter the premises for any purpose without affecting Lessee's obligations hereunder.

13. STORAGE OF LESSEE'S PROPERTY. If on termination of this Lease by expiration or otherwise, or on abandonment of the premises, Lessee shall fail to remove any of Lessee's property from the premises, Lessee hereby authorizes Lessor, at Lessor's option, to cause such property to be removed and placed in storage for the account of and at the expense of Lessee, or on such termination, to sell such property at public or private sale, with or without notice, and to apply the proceeds thereof, after payment of all expenses of removal, storage and sale, to the indebtedness, if any, of the Lessee to Lessor, the overplus if any to be paid to Lessee upon demand.

14. NOTICES. Notices shall be in writing. They shall be effectively served by Lessor upon Lessee in any one of the following manners: (a) by delivery to Lessee, or a representative of Lessee; (b) by forwarding through Certified or Registered Mail, postage prepaid, to Lessee at the premises, in which case the time of mailing shall be the time of notice; (c) by leaving a copy at the premises; or (d) by affixing a copy to any door leading into the demised premises. Notices shall be effectively served by Lessee upon Lessor when addressed to Lessor and served either: (a) upon an officer of Lessor, or (b) upon an authorized person in the office of the Building.

15. MISCELLANEOUS.

(a) No receipt of money by Lessor from Lessee after any default by Lessee or after the termination of this Lease or after the service of any notice or after the commencement of any suit, or after final judgment for possession of the premises, shall waive such default or reinstate, continue or extend the term of this Lease or affect any such notice or suit, as the case may be.

(b) No waiver of any default of Lessee hereunder shall be implied from omission by Lessor to take any action on account of such default, and no express waiver shall affect any default other than the default specified in the express waiver and that only for the time and to the extent therein stated.

(c) Each provision of this Lease shall extend to and shall bind and inure to the benefit not only of Lessor and Lessee but also of their respective heirs, legal representatives, successors, and assigns.

(d) Submission of this instrument for examination does not constitute a reservation of or option for the premises.

(e) In the event the premises shall not be completed and ready for occupancy on the date herein fixed for the commencement of the term, this Lease shall nevertheless be in full force and effect and no liability shall arise against Lessor out of any such delay except abatement of rent until the premises are ready for occupancy; provided, however, there shall be no abatement of rent if the space is not ready for occupancy because of work ordered by Lessee and which is not performed by Lessor for reasons which Lessor does not control. If Lessee shall enter into possession of all or any part of the premises prior to the date fixed above for commencement of the term, all of the covenants and conditions of this Lease shall be binding upon the parties hereto the same as if the first day of the term had been fixed as of the date when Lessee entered such possession.

16. TERMINATION BY LESSOR IN CERTAIN CONTINGENCIES. This Lease may be terminated by Lessor on the last day of any month, after six months' written notice thereof to Lessee, under the following circumstances:

(a) If Lessor determines to wreck or destroy the Building; or

(b) If the Building or the ground under the Building, are sold to a purchaser or leased for not less than twenty-five (25) years, to a lessee, who desires the premises for its or his own use or for the use of associates, affiliates or subsidiaries of such purchaser or lessee. Any bona fide purchaser of not less than fifty-one per cent (51%) of the outstanding shares of capital stock of Lessor, shall for the purposes of this clause, be considered a purchaser of the Building. The right reserved by Lessor in this paragraph shall be a continuing right and shall inure to the benefit of and may be exercised by and in the name of any successor, transferee, grantee, or assignee of Lessor.

17. LEASE IS ONLY AGREEMENT OF PARTIES. All of the agreements of Lessor and Lessee with respect to the premises are contained in this Lease.

18. Lessor and Lessee each shall have and are hereby granted the right to terminate this lease at the end of any calendar month during its term provided that notice thereof shall have been given in the manner provided in this lease at least thirty (30) days prior to such termination and provided further that, if terminated by Lessee, there shall be no default by Lessee, either at the time of service of notice or at the effective date of termination, in any of the terms or conditions contained in this lease.

The following is the proposed ordinance transmitted with the foregoing committee report:

Be It Ordained by the City Council of the City of Chicago:

Section 1. That the Commissioner of Water and Sewers is hereby authorized and directed to execute on behalf of the City of Chicago, and the City Clerk to attest, upon approval of the Corporation Counsel, as to form and legality, a water supply contract between the City of Chicago and the Village of Burnham.

Said water supply contract to be substantially in form as follows:

This Agreement made and entered into this..... ..... day of ..... Witnesseth:

Whereas, the City of Chicago and the Village of Burnham entered into an agreement on the 25th day of March, A.D. 1909 for the furnishing from

Whereas, the City of Chicago, the City of Calumet City and the Village of Burnham entered into an amended agreement in December A.D. 1926 whereby the City of Calumet City, and the Village of Burnham were permitted to make an emergency connection between the 24-inch main of the City of Calumet City and the 6-inch main of the Village of Burnham at 140th Street and Burnham Avenue; and

Whereas, the Village of Burnham, has by its corporate authorities made application to the corporate authorities of the City of Chicago for renewal of its water supply contract to provide for an increased supply of water and a new service connection to the City's mains at the city limits, E. 138th Street and S. Whereas, the City of Chicago is willing to furnish the Village of Burnham with increased supply of water and a new water service connection to the City's mains at the city limits, E. 138th Street and S. Brainard Avenue.

Rates and Discounts

(4) The Village shall pay to the City all charges for water furnished hereunder to supply consumers within the corporate limits of the Village, when due, at the rate fixed by the ordinance of the City of Chicago, now in force and effect or which may hereafter be amended for water furnished through meters in like large quantities to consumers within the corporate limits of the City.

(5) The Village shall pay to the City all charges for water furnished hereunder to supply consumers located outside the corporate limits of the Village, when due, at the rate of fifty per cent (50%) higher than the metered rate per thousand cubic feet of water fixed by the ordinance of the City of Chicago now in force and effect, or which may hereafter be amended for water furnished through meters in like large quantities to consumers within the corporate limits of the City.

(6) The Village shall be entitled to the same discount or benefit allowed to metered consumers of the City, as provided by the ordinances of the City now in force and effect, or which may hereinafter be amended, if the Village pays its water bills within the time prescribed by ordinance.

(7) The City reserves the right at any time during the term of this contract to classify water consumers and to fix rates for each class of consumer; also to fix rates for water furnished to the Village, and other municipalities and persons or other water users for consumption outside the corporate limits of the City, higher than the rates fixed for water furnished to consumers of the same class for consumption within the corporate limits of the City, subject to such limitations as are then applicable by law.

Period of Contract

(8) This contract shall be in force and continue in effect for a period not longer than ten years from the date hereof unless sooner terminated as herein provided.

Meters and Meter Equipment

(9) The Village, at its own cost and expense, shall provide and install the meter vaults, the meters and meter equipment measuring and controlling the said supply of water, which vaults, meters and meter equipment shall be of such type, size and design as shall be satisfactory to and approved by the Commissioner of Water and Sewers of the City and shall be located in or near the City limits at a location to be approved by said Commissioner of Water and Sewers. The control valves shall be located within the City and such meters, meter equipment, meter vaults and valves shall at all times be under the control of the City, but the full and complete maintenance and protection of such meters, meter equipment and meter vaults shall be the obligation of the Village.

(10) The properly authorized officers, agents and representatives of the City shall at all times have free access to the meter or meters and all other facilities herein provided for, for the purpose of shutting off the water for failure to pay the water rates or charges in this agreement provided to be paid by the Village and for the purpose of reading the registrations of said meter or meters, and to examine, shut off and test the same to ascertain whether or not they are in good condition and repair and to make such repairs upon the same as may be necessary, the expense of any and all necessary repairs to be borne by the Village.

(11) If at any time the said meter or meters shall fail to register correctly the quantity of water furnished and taken hereunder, or shall fail to register the flow of water through said meter or meters, the unregistered, under-registered or over-registered amount of water furnished and taken shall be determined by taking an average of the twelve (12) preceding readings of such meter or meters exclusive of deficient or excessive readings. Where said meter or meters have been installed for a period of less than one (1) year, or where less than twelve (12) competent readings exist, such average or estimate may be based upon a lesser number than twelve (12) readings taken preceding or subsequent to such incorrect or stopped registrations. In both instances, the Commissioner of Water and Sewers of the City shall determine which are excessive or which are deficient readings and shall also determine the number of months upon which such estimate is to be based.

Terms and Conditions of Service

(12) The Village at its own cost and expense, shall provide, make and keep in repair all feeder mains, connections, meter vaults, receiving tank or tanks, booster or other pumps and slow-acting valves, or other appliances deemed necessary by the Commissioner of Water and Sewers of the City at the points of connection herein designated. If at any time the meter or meters or meter housing, which are also to be provided by the Village, shall prove unsatisfactory to said Commissioner of Water and Sewers, or be out of repair, they shall be replaced or repaired by the City, and the cost and expense of such replacements or repairs shall be charged to and paid by the Village.

(13) The Village shall provide, install, maintain and operate at its own cost and expense and at such locations as shall be designated by the Commissioner of Water and Sewers of the City, the following:

A shut-off gate or gates, reservoir or reservoirs of sufficient capacity to store not less than the maximum day's supply of water; receiving tank or tanks, booster or other pumps, slow-acting valves and such other appliances or devices as may be required by said Commissioner of Water and Sewers for the purpose of increasing, decreasing, and otherwise, controlling the water supply furnished and taken hereunder, said equipment and appliances to be of such type, size and design as shall be satisfactory to and approved by said Commissioner of Water and Sewers, and the entire installation thereof shall be under the direction of and performed in a manner satisfactory to and approved by said Commissioner of Water and Sewers. The Village agrees to maintain and operate said reservoir or reservoirs of such capacity that water will be drawn from the City's mains at a substantial uniform rate of flow, as hereinafter provided during the period of this contract.

(14) The water supply furnished and taken hereunder shall be drawn by the Village at a substantial uniform rate of flow throughout twenty-four (24) hours of each day of the year.

It is hereby agreed that the Commissioner of Water and Sewers of the City and his authorized representatives shall have access to and the right to adjust and control valves and meters in order to limit the flow of water as herein provided and for the purpose of meeting any and all emergencies and necessitous requirements.

(15) The Village agrees to comply with any and all sanitary regulations of the City and the present and future rules, regulations and instructions of the Department of Water and Sewers of the City applicable to cross-connections and dual water supplies as are in force in the Chicago Water System. The Village further agrees that the duly authorized engineers and inspectors of the City, in collaboration with the representatives of the Village shall be allowed to make inspections and require tests for tightness of the piping of the water works installations, and of all plants or other buildings of water users within the territorial limits of the Village and the Village further agrees to make such changes in its piping and to eliminate such cross-connections or other connections as in the judgment of the Commissioner of Water and Sewers of the City are necessary. The failure, neglect or refusal on the part of the Village to make promptly and properly such changes in its piping, to maintain tightness or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until changes and corrections in said piping or connections required by the City are made by the Village.

(16) The Village agrees to prevent excessive use and waste of water.

(17) The Village agrees to appropriate annually sufficient money or so much thereof, as may be necessary, to provide sufficient funds for the payment of the water furnished by the City hereunder. The Village further agrees that it will at all times charge its water consumers sufficient rates in order to provide adequate funds for the payment of water furnished it by the City.

(18) It is further agreed that the City may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of any and all convenants herein contained.

(19) In order to safeguard its water supply received hereunder and the City's water supply, the Village hereby agrees to maintain a safe water supply throughout its system and to provide, maintain and operate at all times during the period of this contract, chlorinating equipment or other equally effective health protecting process equipment of such kind and capacity that a proper chlorine residual or similarly effective result may be carried throughout its water supply system. All proposed water works improvements, which must be approved by the Commissioner of Water and Sewers of the City, shall be disinfected in accordance with the requirements of the Department of Water and Sewers of the City; said water works improvements shall not be placed into service until approved as to sanitary quality.

(20) The City may adopt any protective or health measures it deems advisable or desirable for the benefit of its water consumers, such as the fluoridation of its water, in any manner that the Commissioner of Water and Sewers of the City shall see fit.

(21) The Village agrees to notify the Commissioner of Water and Sewers of the City as promptly as possible of all emergency and other conditions which may directly or indirectly affect the quality of the water received hereunder and the City's water supply and further agrees that the duly authorized engineers and inspectors of the City shall be allowed to make inspections and required tests of the quality of the water supply as received hereunder, as well as the quality of the water within the Village distribution system.

(22) The Village agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality or any consumer of water located or residing outside the corporate limits of the Village, except if and when it should be specifically authorized so to do by the City Council of the City.

(23) The Village agrees to use City water exclusively during the period of this contract.

(24) The Village further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the corporate limits of the Village, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the corporate limits of the Village without first securing the consent in writing of the City Council of the City so to do.

(25) At the end of each calendar year during the term of this contract and not later than March 31st of each year, the Village agrees to submit to the Commissioner of Water and Sewers of the City a report in writing showing in cubic feet or gallons the amount of water furnished the Village and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

(26) At the end of each billing period, but at least quarterly, the Village agrees to submit to the Commissioner of Water and Sewers of the City a complete list of all water consumers of the Village located or residing outside its corporate limits, showing name, location, character of occupancy, amount of water in cubic feet or gallons furnished, charges billed and payment to the City of Chicago at the higher rate.

(27) To secure payment of the water bills, the City shall have the right at any time to require the Village to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Village, for a period of ninety (90) days at the then prevailing metered rate, which said advance payment the Village hereby agrees to make upon demand.

(28) The City shall not be responsible in damages for any failure to supply water or for interruption of the water furnished hereunder. The Village agrees to save and keep harmless the City from all damage to real and personal property occasioned or caused by the making of the water connection or connections herein referred to or caused by the furnishing of water hereunder, and shall also keep and save harmless the City from all damage of any kind, nature and description which may arise as the result of the making of this agreement.

(29) The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of this contract.

(30) In furtherance and not in limitation of this contract, it is mutually agreed that all rights of the City and the Village of Burnham under the Water Supply Contract dated March 25, 1909 between the City of Chicago and the Village of Burnham and the amended contract dated December 1926 between the City of Chicago, the City of Calumet City and the Village of Burnham to permit the installation of an emergency connection between the 24-inch main of the City of Calumet City and the 6-inch main of the Village of Burnham at 140th Street and Burnham Avenue, and all rights of either party arising from the delivery of water prior to the date of the execution of this agreement are extinguished, except for the express reservation of the right of the City to obtain for, or to enforce collection of any unpaid water charges accruing prior to the date of execution of this agreement.

(31) If the Village shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the Ordinances of the City, or if the Village shall fail to comply with or perform any of the conditions or obligations on their part to be complied with or to be performed hereunder, and if after such failure the City shall deliver at the Village Hall of the Village addressed to the President and Board of Trustees of the Village a a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice, and to terminate this contract unless within such five (5) days the Village shall make good such failure. The shutting off of the supply of water for any such cause shall not release the Village from its obligation to make payments of any amount or amounts due or to become due in accordance with the terms hereof.

(32) No assignment or transfer of this agreement shall be made by the Village.

(33) The Village hereby waives any defenses it may have by virtue of any governmental function it exercises in any action brought at law or equity under the terms of this contract.

(34) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

(35) This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America or any other court of competent jurisdiction decrees that the City has no right to contract for, sell, disperse, distribute or limit the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with the withdrawal of water from Lake Michigan, or otherwise dispose of water from Lake Michigan, to any municipality or user residing outside of the limits of the City of Chicago.

Alderman Keane moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

On motion of Alderman Keane (seconded by Aldermen Bohling, Sain, Hoellen, O'Rourke, Lupo and Campbell) the foregoing proposed resolution was *Adopted* unanimously.

Alderman Keane and the seconding aldermen spoke with great respect for Mr. Lindell's outstanding qualities not only as Budget Director but as probably the hardest working Alderman when he had been a member of the City Council. It was noted that due to his efforts in revising the methods used in preparation of the Executive Budget, Chicago now serves as a model for sound, financial procedures. He was praised as a conscientious and courteous individual, especially so during budget sessions when he spent so many hours answering questions, some of which were considered embarrassing, but that he never became angry. Several of the aldermen pointed out how helpful he had been in explaining the preparation of the budget, where the revenue came from and where it went. All agreed that the City was losing a valued public servant and all wished him health and enjoyment during his retirement years.

Honorable Richard J. Daley, Mayor, then addressed the Council, lauding Mr. Lindell as a loyal servant, saying that the citizens of Chicago had much to be thankful for because of his services rendered to the city. He also cited him as a great author, who had contributed much to the history of Chicago. He also expressed the wish that Mr. Lindell would continue to be available for consultation on financial matters, as consultants were always needed and added that none could serve better in that capacity. He too extended his wishes for a long and happy retirement for both Mr. and Mrs. Lindell.

Thereupon Honorable Richard J. Daley, Mayor, called to the rostrum the former Budget Director, Arthur G. Lindell.

In addressing the Council Mr. Lindell spoke of his deep appreciation for the companionship he had been offered, while he served as an alderman and until just recently as Budget Director. He cited the various Mayors under whom he had served and characterized Mayor Daley as being always a step ahead of everyone, having served the longest of any previous Mayor and as always being ahead of most of the problems that arose nowadays. He spoke of the difficult times during the depression when hunger was a real and terrible problem and likened those times to the present with the fast growing financial problems of today. He stated that he felt he had received a wonderful education rubbing elbows with the geniuses and near geniuses who were currently serving the City. He concluded by expressing his profound appreciation to the Mayor for his thoughtfulness and consideration during the long illness of his wife.

Tribute Paid to Late John H. O'Hara.

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolution:

He was a rewrite man, a football writer, a drama critic, and his efforts extended to religion reporting before he became the world famous novelist; and

WHEREAS, John O'Hara produced in excess of three hundred short stories during his lifetime; he wrote fourteen novels, the most well known of which were "Butterfield 8", "From The Terrace" and "Ten North Frederick" each of which became a film; he wrote 5 published plays, the most notable among them was "Pal Joey" which became a Broadway hit. He received a National Book Award for "Ten North Frederick" and a gold medal of merit from the American Academy of Arts and Letters in 1964; and

WHEREAS, John O'Hara was named an Honorary Citizen of the City of Philadelphia in 1961; he was a member of the "National Institute of Arts and Letters", he was a member of numerous clubs, among them "The Century Association", "The National Press Club", "The Hessian Relief Society" at Princeton, "The Kew-Teddington Observatory Society" at Princeton and the Sigma Delta Chi; and

WHEREAS, John O'Hara will long be remembered not only in America but in the world for his literary achievements which have contributed so much to the cultural life of our country and which have provided this generation and will continue to provide generations to come inspiration and enjoyment through his written word; now, therefore,

Be It Resolved, That the Mayor and members of the City Council of the City of Chicago, in meeting assembled this 29th day of April, A. D. 1970, do hereby express publicly their sorrow at the passing of John H. O'Hara, a distinguished author, and do acknowledge with regret the void that his passing leaves in the nation.

2. *Term.* The term of the sublease of the Leased Space shall be for a period of three (3) years from the date of the approval by City Council of the City of the ordinance authorizing the Amendment (Exhibit 4), and from month to month thereafter until terminated (i) by the Sublessee upon giving Continental sixty (60) days advance written notice of termination, or (ii) upon termination of Continental's lease of the New Premises pursuant to the provisions of Section 2 of the Amendment (Exhibit 4), or the applicable provisions of the Lease, as amended, in which event Continental agrees to give the Sublessee as reasonable advance written notice of termination as is possible under the circumstances.

3. *Rent.* Commencing on the date of the commencement of the term hereof as set forth in Section 2 above and thereafter during the term hereof, the Sublessee shall pay to Continental as rental for the Leased Space subleased hereunder a monthly rental of Two Thousand, Two Hundred Seventy-Two Dollars and Twenty-five Cents ($2,272.25), due and payable on the commencement date hereinabove set forth and on or before the first day of each and every calendar month occurring thereafter during the term hereof. If the term hereof shall commence or terminate other than on the first calendar day of the month, then the rent for such month shall be prorated for such fractional month. Such rental shall be payable at the offices of Continental at the Los Angeles International Airport, Los Angeles, California 90009, or at such other place as Continental shall, from time to time, designate by notice. Such rental has been computed as follows:

(a) the Sublessee's pro rata share of the Three Dollar ($3.00) per square foot rental rate payable by Continental to the City pursuant to the provisions of the Amendment (Exhibit 4) for the Apron Level and Upper Level of Concourse "C" of the International Terminal Building leased by Continental thereunder, based upon the Sublessee's exclusive Apron Level and Upper Level space of Concourse "C" as compared with the total Apron Level and Upper Level space of Concourse "C" leased by Continental pursuant to the Amendment (Exhibit 4); and

(b) one-third (⅓) of the Three Dollar ($3.00) per square foot per annum rental rate payable by Continental pursuant to the provisions of the Amendment (Exhibit 4) for the Upper Level space of Concourse "C" leased by Continental thereunder and subleased to the Sublessee for its joint use pursuant to the provisions of Section 1(b) above.

4. *Subordination and Covenant for Benefit of City.* This sublease and the rights, obligations, covenants and conditions herein contained, are subject and subordinate to the Lease, a copy of which has been given to the Sublessee, and the Sublessee hereby covenants and agrees, for the benefit of Continental and the City, that it shall not by its use and occupancy of the Leased Space subleased hereunder, violate any of the provisions of the Lease and that it shall fully perform all of the obligations of Continental thereunder, insofar, but only insofar, as such obligations relate and pertain to the Leased Space; provided, however, nothing contained herein shall obligate the Sublessee to perform any obligation imposed upon Continental hereunder or to pay rental to the City, which obligation shall be the sole responsibility of Continental.

5. *Indemnity.* The Sublessee covenants and agrees at all times to defend, indemnify and hold Continental, its directors, officers and employees harmless from and against any and all claims, demands, liabilities, judgments, loss, costs, damages and expenses of any nature whatsoever (including the cost of investigating and defend any alleged claim, demand, liability, judgment, loss, cost, damage and expense, and attorney's fees and expenses incurred in connection therewith) which may arise from or be claimed against Continental by any person, firm or corporation for any loss of or damage to property, or injury to, including death, of any person whomsoever, arising out of or attributed to the operation, use or occupancy of the Leased Space by the Sublessee, its directors, officers, employees, agents, business invitees or guests, or arising out of or attributed to any act or omission of the Sublessee, its directors, officers, employees, agents, business invitees or guests in the use and occupancy of the Leased Space, except when any such claim, demand, liability, judgment, loss, cost, damage or expense is the direct result of the sole negligence of Continental, its directors, officers, employees, agents, business invitees or guests, or the joint negligence of Continental and any person, firm or corporation other than the Sublessee, its directors, officers, employees, agents, business invitees or guests.

In addition thereto, the Sublessee agrees to indemnify and hold the City harmless from and against all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to or recoverable from the City by reason or on account of damage to the property of, injury to or death of any person, arising from the Sublessee's

use and occupancy of the Leased Space, and Operations at the Airport, including acts of its agents, contractors and subcontractors, except when caused by the sole negligence of the City or by the joint negligence of the City and any person other than the Sublessee, its agents, contractors and subcontractors.

6. *Rules and Regulations.* The Sublessee shall at all times observe and obey all rules and regulations governing the conduct and operation of the Airport (as the same apply to the Leased Space, and the Sublessee's use and occupancy thereof) promulgated from time to time by the City. In addition thereto, Continental shall have the right at any time, and from time to time, to establish, modify and enforce reasonable rules and regulations with respect to the Leased Space, and the Sublessee shall faithfully observe and obey all such rules and regulations; provided, however, such rules and regulations shall not be inconsistent with the rights of the Sublessee created hereunder and with any applicable rules and regulations promulgated by the City.

7. *Assignment or Sublease.* The Sublessee may assign and delegate this Sublease Agreement and the rights and obligations created hereunder to any corporation into or with which the Sublessee may hereafter merge or consolidate, or which may succeed to the business and assets of the Sublessee, with the approval of the City Council of the City of Chicago. The Sublessee may further assign and delegate or sublease this Sublease Agreement and the rights and obligations created hereunder, to any wholly-owned subsidiary or affiliated corporation of the Sublessee, in which event the Sublessee shall remain primarily liable for the payment of rentals and the performance of all the other obligations of the Sublessee created hereunder. Except as provided above, this Sublease Agreement and the rights and obligations created hereunder shall not be assignable or delegable by the Sublessee, and any attempt to so assign or delegate shall be null and void.

8. *Remedies Upon Default.* If any of the following events shall occur:

(a) if any voluntary or involuntary petition in bankruptcy or insolvency, or any assignment for the benefit of creditors, or a receiver, shall be made, filed or appointed by or against the Sublessee, or if the Sublessee's leasehold interest in the Leased Space shall be levied upon under execution or attachment by any process at law or in equity;

(b) if the Sublessee shall abandon the Leased Space;

(c) if the Sublessee shall default in the prompt payment to Continental of rent reserved hereunder, and such default shall continue for a period of fifteen (15) days after notice of such default is given by Continental to the Sublessee; or,

(d) if the Sublessee shall default in the prompt and full performance of any other term, covenant or condition of this Sublease Agreement, and such default shall continue for a period of twenty (20) days after notice of such default is given by Continental to the Sublessee, unless the default is of such a nature that the same cannot be cured or corrected within said twenty (20) day period and the Sublessee shall have promptly and diligently commenced to cure and correct such default and shall have thereafter continued therewith with reasonable diligence and in good faith, in a manner so as to cure and correct the same as promptly as reasonably practicable under the circumstances, and shall have continued therewith until the default shall have been cured and corrected;

then, and in any such event (all of which are herein collectively called "Events of Default"), all unpaid rent reserved by Continental hereunder shall immediately become due and payable; and, in addition thereto, Continental may exercise any of the following remedies or any other remedy available to Continental at law or in equity without further notice and without any further demand or other action by Continental, all of which the Sublessee expressly waives, and all such remedies shall be cumulative and non-exclusive and the exercise of any one or more such remedies shall not be deemed to be an exclusive election of the remedy or remedies exercised or a waiver of the remedies not exercised, to wit: Continental may bring an action at law or in equity to collect the balance of the unpaid rent reserved hereunder; may terminate this Sublease Agreement and the rights of the Sublessee created hereunder and recover damages sustained by the Event of Default; without terminating this Sublease Agreement, may terminate the Sublessee's right to possession of the Leased Space; and with or without terminating this Sublease Agreement, may re-enter and repossess the Leased Space, and dispel and remove the Sublessee and its property therefrom, using such force as may be necessary without being deemed guilty of trespassing, forceful entry or detainer and without relinquishing its right to the rent reserved hereunder (the Sublessee hereby granting Continental full and free license to so enter upon the Leased Space with or without notice, demand and process of law). Upon and after entry into possession, without terminating this Sublease Agreement, Continental may in its sole discretion further resublet the Leased Space or any part thereof for the account of the Sublessee to any person, firm or corporation for such rent, and upon such terms and conditions as Continental may in its sole discretion determine; and the rent collected by Continental from such resubletting shall first be applied to reimburse unto Continental all costs and expense incurred in connection with the resubletting of the Leased Space, including any and all reasonable costs and expenses incurred in repossessing the Leased Space from the Tenant, and the balance, if any, shall be applied to the rent reserved herein and any deficiency therein shall be the liability and obligation of the Sublessee.

9. *Remedies upon Default of Continental.* The Sublessee shall have the right, upon giving notice to Continental, to cancel this Sublease Agreement upon or after the default of Continental in the performance of any of the terms, covenants or conditions to be performed by Continental hereunder and the failure of Continental to cure and correct said default within sixty (60) days following receipt by Continental of written demand from the Sublessee so to do; provided, however, that if the default is of such a nature that the same cannot be cured or corrected within said sixty (60) day period and if Continental shall have commenced the curing and correcting of such default within said sixty (60) days and shall have proceeded therewith, with reasonable diligence and in good faith, in a manner so as to cure and correct the same as promptly as reasonably practical under the circumstances, then, and in that event,

no notice of cancellation given pursuant to the provisions of this Section 9 shall be of any force, or effect. Except as provided above in this Section 9, or in Section 3 above, this Sublease Agreement, and the obligations of the Sublessee created hereunder, shall not be cancellable or terminable by the Sublessee for any cause whatever.

10. *Equal Opportunity.* Sublessee agrees that in performing under this agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, age, or national origin, nor otherwise commit an unfair employment practice. Sublessee will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Sublessee agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this non-discrimination clause. Sublessee further agrees that this article will be incorporated by Sublessee in all contracts entered into with suppliers of materials or services, contractors and subcontractors and all labor organizations, furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this agreement.

11. *Liens.* The Sublessee shall at all times keep and maintain the Leased Space free and clear of any and all liens, charges and encumbrances whatsoever arising out of or in any manner attributed to any act or omission of the Sublessee, its officers, agents and employees, or relating to any work or improvements performed on or to the Leased Space by or on behalf of the Sublessee, its officers, agents and employees; and shall not mortgage, pledge, or in any manner hypothecate this Sublease Agreement; provided, however, the Sublessee may, in good faith, contest the validity of any lien but, notwithstanding any such contest, if any lien so contested shall be reduced to final judgment and such judgment or such process as may be issued or the enforcement thereof is not promptly stayed or is so stayed and said stay thereafter expires, then, and in any such event, the Sublessee shall forthwith entirely pay and discharge said judgment.

14. *Binding Agreement.* Subject to the provisions of Section 7 hereof, this Sublease Agreement and the rights and obligations created hereunder shall be binding upon and inure to the benefit of the respective parties hereto, their successors and assigns.

15. *Surrender of Possession.* Upon termination of the term, or any extension, of this Sublease Agreement, the Sublessee shall forthwith surrender the Leased Space to Continental in good condition and repair, reasonable wear and tear and damage from any casualty not arising out of a negligent act or omission of the Sublessee, its officers, employees, agents, business invitees or guests, excepted; and if the Sublessee shall retain possession of the Leased Space, or any part thereof, after the termination of the term, by lapse of time or otherwise, the Sublessee shall pay to Continental all damages sustained by reason of the Sublessee's retention of possession. the date of the approval by City Council of the City by the ordinance authorizing the Amendment (Exhibit 4) and from month to month thereafter until terminated (i) by the Sublessee upon giving Continental sixty (60) days advance written notice of termination, or (ii) upon termination of Continental's lease of the New Premises pursuant to the provisions of Section 2 of the Amendment (Exhibit 4), or the applicable provisions of the Lease, as amended, in which event Continental agrees to give Sublessee as reasonable advance written notice of termination as is possible under the circumstances.

3. *Rent.* Commencing on the date of the commencement of the term hereof as set forth in Section 2 above and thereafter during the term hereof, the Sublessee shall pay to Continental as rental for the Leased Space a monthly rental of Nine Hundred Eighty-Two Dollars and Twenty-Five Cents ($982.-25) due and payable on the commencement date hereinabove set forth and on or before the first day of each and every calendar month occurring thereafter during the term hereof. Such rental shall be payable at the offices of Continental at the Los Angeles International Airport, Los Angeles, California 90009, or at such other place as Continental shall, from time to time, designate by notice. Such rental has been computed as follows:

(a) the Sublessee's pro rata share of the Three Dollar ($3.00) per square foot per annum rental rate payable by Continental to the City pursuant to the provisions of the Amendment (Exhibit 4) for the Apron Level space of Concourse "C" of the International Terminal Building leased by Continental thereunder, based upon the Sublessee's exclusive Apron Level space of Concourse "C" as compared with the total Apron Level space of Concourse "C" leased by Continental pursuant to the Amendment (Exhibit 4); and

(b) one-third (1/3) of the Three Dollar ($3.00) per square foot per annum rental rate payable by Continental pursuant to the provisions of the Amendment (Exhibit 4) for the Upper Level space of Concourse "C" leased by Continental thereunder and subleased to the Sublessee for its joint use pursuant to the provisions of Section 1(b) above.

4. *Subordination and Covenant for Benefit of City.* This sublease and the rights, obligations, covenants and conditions herein contained, are subject and subordinate to the Lease, a copy of which has been given to the Sublessee, and the Sublessee hereby covenants and agrees, for the benefit of Continental and the City, that it shall not by its use and occupancy of the Leased Space subleased hereunder, violate any of the provisions of the Lease and that it shall fully perform all of the obligations of Continental thereunder, insofar, but only insofar, as such obligations relate and pertain to the Leased Space; provided, however, nothing contained herein shall obligate the Sublessee to perform any obligation imposed upon Continental hereunder or to pay rental to the City, which obligation shall be the sole responsibility of Continental.

5. *Indemnity.* The Sublessee covenants and agrees at all times to defend, indemnify and hold Continental, its directors, officers and employees harmless from and against any and all claims, demands, liabilities, judgments, loss, costs, damages and expenses of any nature whatsoever (including the cost of investigating and defend any alleged claims, demand, liability, judgment, loss, cost, damage and expense, and attorney's fees and expenses incurred in connection therewith) which may arise from or be claimed against Continental by any person, firm or corporation for any loss of or damage to property, or injury to, including death, of any person whomsoever, arising out of or attributed to the operation, use or occupancy of the Leased Space by the Sublessee, its directors, officers, employees, agents, business invitees or guests, or arising out of or attributed to any act or omission of the Sublessee, its directors, officers, employees, agents, business invitees or guests in the use and occupancy of the Leased Space, except when any such claim, demand, liability, judgment, loss, cost, damage or expense is the direct result of the sole negligence of Continental, its directors, officers, employees, agents, business invitees or guests, or the joint negligence of Continental and any person, firm or corporation other than the Sublessee, its directors, officers, employees, agents, business invitees or guests.

In addition thereto, the Sublessee agrees to indemnify and hold the City harmless from and against all liabilities, judgments, costs, damages and expenses which may accrue against, be charged to or recoverable from the City by reason or on account of damage to the property of, injury to or death of any person, arising from the Sublessee's use and occupancy of the Leased Space, and operations at the Airport, including acts of its agents, contractors and subcontractors, except when caused by the sole negligence of the City or by the joint negligence of the City and any person other than the Sublessee, its agents, contractors and subcontractors.

6. *Rules and Regulations.* The Sublessee shall at all times observe and obey all rules and regulations governing the conduct and operation of the Airport (as the same apply to the Leased Space, and the Sublessee's use and occupancy thereof) promulgated from time to time by the City. In addition thereto, Continental shall have the right at any time, and from time to time, to establish, modify and enforce reasonable rules and regulations with respect to the Leased Space, and the Sublessee shall faithfully observe and obey all such rules and regulations; provided, however, such rules and regulations shall not be inconsistent with the rights of the Sublessee created hereunder and with any applicable rules and regulations promulgated by the City.

7. *Assignment or Sublease.* The Sublessee may assign and delegate this Sublease Agreement and the rights and obligations created hereunder to any corporation into or with which the Sublessee may hereafter merge or consolidate, or which may succeed to the business and assets of the Sublessee, with the approval of the City Council of the City of Chicago. The Sublessee may further assign and delegate or sublease this Sublease Agreement, the rights and obligations created hereunder, to any wholly-owned subsidiary or affiliated corporation of the Sublessee, in which event the Sublessee shall remain primarily liable for the payment of rentals and the performance of all the other obligations of the Sublessee created hereunder. Except as provided above, this Sublease Agreement and the rights and obligations created hereunder shall not be assignable or delegable by the Sublessee, and any

attempt to so assign or delegate shall be null and void.

8. *Remedies Upon Default.* If any of the following events shall occur:

(a) if any voluntary or involuntary petition in bankruptcy or insolvency, or any assignment for the benefit of creditors, or a receiver, shall be made, filed or appointed by or against the Sublessee, or if the Sublessee's leasehold interest in the Leased Space shall be levied upon under execution or attachment by any process at law or in equity;

(b) if the Sublessee shall abandon the Leased Space;

(c) if the Sublessee shall default in the prompt payment to Continental of rent reserved hereunder, and such default shall continue for a period of fifteen (15) days after notice of such default is given by Continental to the Sublessee; or,

(d) if the Sublessee shall default in the prompt and full performance of any other term, covenant or condition of this Sublease Agreement, and such default shall continue for a period of twenty (20) days after notice of such default is given by Continental to the Sublessee, unless the default is of such a nature that the same cannot be cured or corrected within said twenty (20) day period and the Sublessee shall have promptly and diligently commenced to cure and correct such default and shall have thereafter continued therewith with reasonable diligence and in good faith, in a manner so as to cure and correct the same as promptly as reasonably practicable under the circumstances, and shall have continued therewith until the default shall have been cured and corrected;

then, and in any such event (all of which are herein collectively called "Events of Default"), all unpaid rent reserved by Continental hereunder shall immediately become due and payable; and, in addition thereto, Continental may exercise any of the following remedies or any other remedy available to Continental at law or in equity without further notice and without any further demand or other action by Continental, all of which the Sublessee expressly waives, and all such remedies shall be cumulative and non-exclusive and the exercise of any one or more such remedies shall not be deemed to be an exclusive election of the remedy or remedies exercised or a waiver of the remedies not exercised, to wit: Continental may bring an action at law or in equity to collect the balance of the unpaid rent reserved hereunder; may terminate this Sublease Agreement and the rights of the Sublessee created hereunder and recover damages sustained by the Event of Default; without terminating this Sublease Agreement, may terminate the Sublessee's right to possession of the Leased Space; and with or without terminating this Sublease Agreement, may re-enter and repossess the Leased Space, and dispel and remove the Sublessee and its property therefrom, using such force as may be necessary without being deemed guilty of trespassing, forceful entry or detainer and without relinquishing its right to the rent reserved hereunder (the Sublessee hereby granting Continental full and free license to so enter upon the Leased Space with or without notice, demand and process of law). Upon and after entry into possession, without terminating this Sublease Agreement, Continental may in its sole discretion further resublet the Leased Space or any part thereof for the account of the Sublessee to any person, firm or corporation for such rent, and upon such terms and conditions as Continental may in its sole discretion determine; and the rent collected by Continental from such resubletting shall first be applied to reimburse unto Continental all costs and expense incurred in connection with the resubletting of the Leased Space, including any and all reasonable costs and expenses incurred in repossessing the Leased Space from the Sublessee, and the balance, if any, shall be applied to the rent reserved herein and any deficiency therein shall be the liability and obligation of the Sublessee.

9. *Remedies Upon Default of Continental.* The Sublessee shall have the right, upon giving notice to Continental, to cancel this Sublease Agreement upon or after the default of Continental in the performance of any of the terms, covenants or conditions to be performed by Continental hereunder and the failure of Continental to cure and correct said default within sixty (60) days following receipt by Continental of written demand from the Sublessee so to do; provided, however, that if the default is of such a nature that the same cannot be cured or corrected within said sixty (60) day period and if Continental shall have commenced the curing and correcting of such default within said sixty (60) days and shall have proceeded therewith, with reasonable diligence and in good faith, in a manner so as to cure and correct the same as promptly as reasonably practical under the circumstances, then, and in that event, no notice of cancellation given pursuant to the provisions of this Section 9 shall be of any force or effect. Except as provided above in this Section 9, or in Section 3 above, this Sublease Agreement, and the obligations of the Sublessee created hereunder, shall not be cancellable or terminable by the Sublessee for any cause whatever.

10. *Equal Opportunity.* Sublessee agrees that in performing under this agreement it shall not discriminate against any worker, employee or applicant, or any member of the public, because of race, creed, color, age, or national origin, nor otherwise commit an unfair employment practice. Grantor, its successors, assigns, transferees and grantees agree to contribute towards the cost of such repairs but agree that their respective liability shall be prorata, that is, that it be proportionate to the number of lineal feet of frontage of land on the Private Street, owned by each owner along said private road and walk. For the purposes of this agreement only, acceptance of title shall be conclusively presumed by the recording (or registration) of a Deed or Deeds to any or all of the within described realty by or for the grantee named herein. Execution of the document by the corporation approving this agreement shall constitute an assumption of liability by the corporation of its obligations set forth in Paragraph 6 herein and also an acceptance of the sole and exclusive perpetual possession of the private road and walk by the corporation subject to the easements heretofore and herein granted.

7. Agree that Grantor, its successors, assigns, transferees, and grantees, including all mortgagees, and the corporation shall execute a document of dedication of the private road and walk to the City of Chicago upon the request of the City of Chicago or the owner or owners of any one or more of the said parcels of real estate and that Grantor does hereby for itself, its successors, assigns, transferees, and grantees and all future mortgagees and for the corporation constitute Clarence E. 8. Agree that this agreement shall terminate upon the dedication of the said private road and walk to the City of Chicago and acceptance of said dedication by the City; provided that termination of this agreement upon dedication shall serve to release only future liability and shall not be construed to release any actual liability incurred prior to the acceptance of said dedication.

In Witness Whereof, the Oak Park Trust & Savings Bank, as Trustee under Trust No. 5911, as aforesaid and not personally, has caused these presents to be executed in its name and by its legally authorized corporate officers whose signatures are hereunto subscribed, and caused its corporate seal to be affixed hereunto on this 12th day of December, 1969.

Whereas, under the Road and Bridge Laws of the State, and the terms of a three-way agreement among the State, County of Cook, and the City, effective June 19, 1952, the State is responsible for the maintenance and operation of the completed sections of the Cook County Expressway System, including the operation, maintenance and repair of the aforesaid four-leaf trunnion bascule bridge over the North Branch of the Chicago River; and

Whereas, the Bureau of Engineering of the City has a thoroughly experienced maintenance repair and control organization and the Department of the Port of Chicago has a qualified bridge operating organization all within the corporate limits of the City; and

Whereas, the State desires to have said bridge maintained, repaired, and operated by the said City organizations at the expense of the State; and

Whereas, the 1967 Illinois Revised Statutes, Chapter 121, Section 4-406 of the Illinois Highway Code provides as follows:

"The Department is authorized, to enter into contracts with any municipal corporation, terminable in the discretion of the Department, for the municipal corporation to maintain any State Highway or any part thereof located within such municipal corporation, such maintenance to be under the supervision of the Department and at the expense of the State".

Now, Therefore, in consideration of the covenants and conditions herein contained, the parties hereto mutually agree as follows:

1. The State hereby grants the City authority to operate, maintain, repair and control, and the City hereby agrees to operate, maintain, repair and control the aforesaid four-leaf trunnion bascule bridge over the North Branch of the Chicago River of the Kennedy Expressway lying within the following described limits:

(a) Commencing on the East side of the River at and including the skewed expansion joint and terminating on the West side of said River at and including the skewed expansion joint; and

(b) Also, the light poles, signals, barriers, traffic gates and handrails, shown on the attached plan sheet of the bridge, identified as Exhibit 1 and attached hereto, lying East of the East limit and West of the West limit, designated in (a) above and including the electrically illuminated bridge warning sign located over the eastbound roadway of the Expressway, near the West line of North Union Avenue extended, together with ducts, conduits and wiring connecting same to bridge; and

(c) Also, feeder cables for electric power; both alternating and direct current, as shown on the drawing attached hereto and described as Exhibit 1 above; and

(d) Also, the traffic lights and signals, stop signs, bridge operator's houses, machinery, piers, bridge protections, submarine cables, appliances, devices, engineering data and plans, patterns and all other appurtenances and fixtures belonging to said bridge, which are necessary for the operation, maintenance, control and repair of said bridge.

2. For budgetary purposes, and for the purpose of enabling the State to include the necessary funds in appropriations requested of the legislature, the City agrees to furnish to the State an itemized estimate of cost of operation, maintenance and repair. The estimate is to include a list of the positions and the salaries and wages of each position of the regular operating City personnel. A new itemized estimate covering the period from July 1, 1971 to June 30, 1973, is to be furnished prior to the regular 77th session of the General Assembly.

3. The City shall consult with and receive approval from the State, prior to performing any work of alterations, improvements, reconstruction or the repair when the estimated cost of individual jobs of such work is in excess of Five Thousand Dollars ($5,000.00), in order to permit the State to secure approval of requisitions or allotments of funds. In cases of structural failures, or damages to the bridge involving public safety, the City is authorized to negotiate with public or private agencies for repair work to cost not in excess of One Hundred Thousand Dollars ($100,000.00) and to proceed with such work on verbal concurrence by the State, which concurrence shall be promptly confirmed in writing by the State.

4. The cost of operation, maintenance and repairs shall be construed to include all labor and materials, foremen and engineering supervision, engineering and clerical costs, bridge operator's wages, cost of cleaning of all parts of the bridge and its operating and traffic control equipment, painting, fuel for heating, supplies required for operation and maintenance, electricity for power and lights, and all other costs and charges occasioned by or reasonably incidental to the operation, maintenance and repair of said bridge, exclusive of administration costs, also the costs of repairs made by agencies of the City, other than the Bridge Division of the Department of Public Works, or by private agencies under contract to the City, including nominal overhead costs, including engineering and supervision.

5. A record of all operating costs and the cost of all maintenance, repair, reconstruction, repair of operating and traffic and navigation control equipment as described in Paragraph 4, and any other costs, performed by or under the supervision of the City shall be kept by the City, and a detailed statement of such costs shall be submitted to the State subsequent to the semi-annual periods ending June 30 and December 31 of each year, except that in the case of extraordinary costs incurred as a result of the repair of structural failures, mechanical failures, or damages to the bridge as referred to in the last sentence of Section 3 of this Agreement, the City may submit detailed statements of such costs to the State at such times as they may elect and the State shall promptly process the same. The rates and prices listed on the statements shall be the actual rates and prices paid by the City for materials and services.

6. Commencing on July 1, 1969 and ending on June 30, 1971, the State shall semi-annually reimburse the City for the cost of operating, maintaining and repairing said four-leaf trunnion bascule bridge over the North Branch of the Chicago River on the Kennedy Expressway in the manner hereinafter described.

7. Reimbursement shall be made by the State subsequent to January 1 and July 1 of each succeeding year, and as soon thereafter as practical, after submission to the State of invoices in quintuplicate for the costs incurred by the City during the prior six months period or part thereof in accordance with the terms of this Agreement.

8. Statement of Intent. If the maintenance, operation, repair, alterations and control of the bridge and its traffic protections and traffic control devices are satisfactory to the State and to the City, under the terms of this agreement, it is the

intent of both parties that a new agreement containing the same terms as herein stated be executed to cover the ensuing biennial periods subsequent to June 30, 1971.

9. This contract shall not be taken or construed as modifying or otherwise affecting any existing contract relating to said Kennedy Expressway Bridge and its appurtenances.

In Witness Whereof the parties hereto have caused this Agreement to be executed by their proper officials on the date and year first above written.

(7) The basic limitation on the average emission into the atmosphere of particulate matter from an incinerator shall be 0.20 grains per cubic foot of gas at standard conditions. These calculations are to be made at 50 per cent excess air and are to be the result of tests conducted in the field under field conditions, costs of which shall be assumed by the owners if emissions exceed allowable limits. All existing incinerators shall meet the limitations set forth in this paragraph on and after [June 29, 1971] *January 1, 1971,* and all new equipment shall meet the limitations upon installation.

sion of any sulfur compound or compounds in amounts greater than those that would be emitted from the burning (in the same fuel burning equipment without such control apparatus) of fuel containing any amount of sulfur by weight not in excess of the maximum amount permitted at the applicable time by this section.

(c) On and after July 1, 1970, and until the requirements of subparagraphs (a) or (b) of this subsection (3) are met, no fuel burning installation generating electrical power shall burn a fuel or fuels having a higher average sulfur content than the fuel or fuels used in such installation during each of the twelve calendar months prior to July 1, 1970, based on a comparable BTU content. For the purpose of determining compliance with this provision, the average sulfur content of all fuel or fuels used during each of the calendar months prior to July 1, 1970, shall be determined by averaging the sulfur content of all fuel used during each calendar month, on the basis of pounds of sulfur per million BTU's heating value of the fuel or fuels, which shall not be exceeded in any calendar month from and after July 1, 1970, when compared with the same calendar month of the previous year, and determined upon the same averaging basis.

[(c)] *(d)* The provisions of subparagraph (3)(a) of this section shall not apply to acts performed with respect to fuel owned or under contract for purchase by a purchaser who uses or intends to use such fuel in any fuel burning equipment for which a certificate of operation has been issued under subparagraph (3)(b), or where a variance has been granted pursuant to the provisions of Section 17-2.56(d)(3) of this chapter.

[(d) When periods of stagnation, for 24 hours or greater, occur, the commissioner shall have the power to implement a Pollution Incident Control Plan, whereby plants that have an annual fuel consumption of 60,000 tons of coal or 14,500,000 gallons of oil are required either to switch to a low sulfur fuel (less than 1.5% sulfur by weight) or curtail emission of sulfur dioxide pollution during this period until the commissioner determines that the stagnation period no longer exists.

All persons responsible for the operation within the city of any of the processes or equipment above named shall undertake or participate in a program of research to determine feasible methods of measuring and controlling emissions therefrom in accordance with Section 17-1.14 hereof.]

No person shall cause or permit the emission into the atmosphere from any new or existing source gases containing more than 500 parts per million by volume of sulfur dioxide nor more than 15 milligrams per cubic meter of sulfuric acid or sulfur trioxide, or any combination thereof; provided, however, that the foregoing limitations shall not apply to those emissions in which both fuel is burned primarily to produce heat, and the sulfur compound emission is due primarily to the sulfur in the fuel burned.

(5) Hydrogen Sulfide.

No person shall cause or permit the emission into the atmosphere from any new or existing source of hydrogen sulfied in such manner and amounts that the concentrations thereof at the stack exceed a concentration of 0.01 parts per million by volume for a maximum period of 2 minutes at any time.

(6) Methods for sampling air to detect the presence of sulfur compounds shall be as follows:

(b) The Commissioner is hereby empowered to adopt such plans as may be necessitated in cooperation with appropriate State and Federal authorities for the purpose of eliminating the circumstances tending to cause acute harmful health effects as aforesaid, including, but not limited to, the implementation of an air pollution watch, an alert procedure, and an emergency procedure.

Appeal to Various Groups to Urge and Assist Citizenry to Complete and Return 1970 Census Questionnaire.

A proposed resolution (presented by Aldermen Frost, Roti, Hubbard, Holman, Sheridan, Shannon and Campbell) reading as follows:

WHEREAS, Unless drastic steps are taken, an estimated 400,000 persons, particularly those belonging to minority groups in socially deprived areas of Chicago, will not be counted as residents of Chicago when the 1970 census is completed. As as result of any inaccurate count, most of the City's Wards, congressional districts, state senatorial and representative districts, will be grossly and unfairly apportioned when they are remapped next year according to figures supplied by the 1970 census and the concept of one-man, one-vote will not be met; and

WHEREAS, As Aldermen, respectively, of the 21st Ward and 4th Ward, one of the largest Wards in the City of Chicago with a total population in excess of 175,000 persons; and one of the smallest with 50,000 persons as compared to some wards in the City with a total population of less than 75,000; we realize the excess burden placed on an elected official in attempting to give his constituents equal representation; and

WHEREAS, After talking to persons that visited our Ward offices and inquiring as to whether or not they completed and returned their census questionnaires, we discovered that an alarming number of persons had failed to complete and return the census questionnaire. Some of those we talked with stated they never received one; now, therefore,

Be It Resolved, We are appealing to all political organizations—Democratic and Republican, civic organizations, business, community groups, block clubs, churches and civil rights groups, etc., to contact persons in their respective areas and urge

all those who have failed to return their census report to do so immediately. We are also requesting that they instruct those persons who have not received a form to secure one from a Local United States Regional Census Office.

Congratulations Extended to Urban Gateways.

A proposed resolution reading as follows:

WHEREAS, Urban Gateways is a non-profit agency funded through the Chicago Committee on Urban Opportunity, foundations and individual contributions; and

WHEREAS, Starting in 1961 as an all-volunteer group working in one inner-city school Urban Gateways now serves 57,760 children in 50 schools with the approval and cooperation of the Chicago Board of Education. The Board of Directors, a small professional staff and hundreds of dedicated volunteers plan and execute the constantly developing programs; and

WHEREAS, Urban Gateways programs provide cultural and social enrichment for children living in the city's poorest neighborhoods—children whose home environment severely limits their educational, cultural and social horizons. Because of the existing geographical and communication gap, children of minority ethnic and racial groups often develop emotional and intellectual barriers to learning and are beset by difficulties in social adjustment which persist and multiply in adult life and from generation to generation; and

WHEREAS, To help meet these needs, Urban Gateways has developed four different, yet inter-related and complementary, programs; 1) School Programs; 2) Parents Programs; 3) Choral Program; 4) Summer Arts-Recreation Day Camps; 5) Talent Development Program; and

WHEREAS, All of these programs have common objectives: to expand horizons, raise educational goals and develop a participating citizenry—through improved self-image of children and parents; by increased communication among diverse social, economic, racial and ethnic groups; by providing opportunities for individual expression and achievement in music, dance, drama, creative writing and the visual arts; by enabling parents to plan and operate their own programs, participate with their children and prepare for community leadership;

by stimulating communication in the home and between home and school.

Now, Therefore, Be It Resolved by the Mayor and Members of the City Council, That the Chicago Committee on Urban Opportunity be commended on the establishment of this agency and Urban Gateways be congratulated on the scope and development of their program.

ARTICLE II

Demise: Term of Lease, Rent.

1. Demise. For and in consideration of the rents herein reserved and the covenants, conditions and agreements to be performed on the part of the Lessee, the Lessor hereby leases to the Lessee, and the Lessee hereby leases and accepts from the Lessor, the Leased Premises, for the Term of this Lease (unless this Lease shall sooner terminate as hereinafter provided).

2. Term. The term of this Lease shall be twenty (20) years commencing on the date of Substantial Completion of Construction (as evidenced by receipt by the parties hereto of the Certificate referred to in paragraph 3(b) of Article I) and commencement of operations of the Hotel and expiring twenty (20) years following the commencement of said Term; it being agreed that within thirty (30) days after the date of Substantial Completion of Construction and commencement of operations of the Hotel the parties hereto shall enter into an agreement stipulating the dates of commencement and expiration of the Term of this Lease.

3. Rental. Lessee agrees to pay to the Lessor, with respect to each Lease Year during the Term of this Lease, at the time and place and in the manner hereinafter specified, as rental for the Leased Premises and for the rights and privileges granted the Lessee under this Lease, the following sums:

A. Minimum Rent: A fixed minimum rental for each Lease Year of $1,000,000 per year or

B. Percentage Rent: An annual Percentage Rent (herein called "Percentage Rent") for each Lease Year equal to 10% of Gross Revenues, whichever is greater.

4. Payment of Rent. The Minimum Rent due to the Lessor shall be paid in equal monthly installments in advance on the first day of each and every month of each Lease Year; provided, however, that if the first Lease Year shall commence on a date which is not the first day of a month or if the term of this Lease shall expire, whether by lapse of time or otherwise, on a date which is not the last day of a month, the minimum Rent, for such fractional month shall be paid on the actual date of commencement of the first Lease Year and in either case shall be prorated. The Percentage Rent, if any, due to the Lessor for each Lease Year shall be paid within ninety (90) days after the end of each such Lease Year. Any such payment of Percentage Rent shall be accompanied by a statement, certified by the Treasurer or an Assistant Treasurer of Lessee or Lessee's auditor at the Hotel, setting forth the computation of the Percentage Rent of such Lease Year. The Minimum Rent shall be prorated for any Lease Year of less than twelve (12) months and applied against the Percentage Rent due for such short period.

The Minimum Rent and the Percentage Rent shall be payable at the Office of the Comptroller of the City of Chicago, Illinois.

5. Books and Records. Lessee shall keep full and adequate books of account and other records reflecting the results of the operation of the Hotel, all in form and manner reasonably satisfactory to the City Comptroller.

All books and records maintained by Lessee with respect to the Hotel, and all such books and records relating to Gross Revenues, shall be available to Lessor during reasonable business hours for the purpose of examining or making extracts therefrom. If any of such books and records are not available at the Leased Premises, Lessee shall, upon request of the Lessor, make such records available to Lessor at the Leased Premises. Lessee agrees that it will require all sub-lessees or other persons operating on the Leased Premises with the permission of the Lessee as authorized or permitted under this Lease, whose rental or other consideration for the use of such space is computed on a percentage basis, to keep complete and accurate books and records with respect to such operations and to make them available to Lessor for examination at any time requested by Lessor during reasonable business hours.

ARTICLE III

Construction of Hotel on Leased Premises.

1. Lessee, hereby agrees, without cost to Lessor and except for Unavoidable Delays in each case, to commence construction of the Hotel within six (6) months after execution of this agreement and to complete same on or before twenty (20) months thereafter. Said Hotel shall be a structure of not more than the height permissible under existing applicable Federal airport regulations and shall contain not less than six hundred eighty-eight (688) guest rooms within said height limitations with such food and beverage facilities (subject to the limitations hereinafter set forth), public rooms and other facilities as may be reasonably approved by Lessor as appropriate to a first-class commercial type hotel with standards comparable to those prevailing in first-class commercial type hotels in the City of Chicago, Illinois.

Lessee, at its expense, shall also, as soon as possible, upon completion of the Hotel, fully furnish and equip the same and at all times thereafter keep and maintain the same with appropriate Furniture and Furnishings.

It is expressly understood and agreed that the operation of the restaurants, bars and cocktail lounges in, on or about the Leased Premises shall be on a non-exclusive basis insofar as O'Hare is concerned, but nothing contained herein shall be construed as preventing Lessee from operating or granting rights to others to operate such facilities on a basis which is exclusive insofar as the Leased Premises are concerned, subject to the terms and conditions of this Lease and the written approval of Lessor, which approval shall not be unreasonably withheld. It is further understood and agreed that Lessee shall have the right to sell on the Leased Premises primarily for consumption on the Leased Premises, all kinds of food and beverages, including alcoholic beverages, provided, however, that such sales shall be subject to the following:

(i) Lessee shall have the right to make unlimited and unrestricted sales of goods and beverages, including alcoholic beverages, at the Hotel to guest rooms occupied by guests and their invitees of such Hotel; and in addition thereto,

(ii) To sell food and beverages, including alcoholic beverages, from restaurant, bar and cocktail, lounge facilities located at the Hotel which are open to the public, provided, that the combined seating capacity of all of said facilities at the Hotel shall not exceed one seat for each sleeping room in said Hotel; and in addition thereto,

(iii) To sell food and beverages, including alcoholic beverages, in meeting and banquet rooms at the Hotel, for banquets and meetings not open to the public, to the extent set forth in that certain Agreement dated July 28, 1961 (C.J.P. 5379-5394), as amended, between the Lessor and International Airports Restaurants Carson, Pirie Scott & Co.

Lessee shall expend no less than Fourteen Million Dollars ($14,000,000.00) for the cost of planning, designing, construction, furnishing and equipping of the Hotel to be erected on the Leased Premises; provided, however, that in any event, Lessee shall complete the Hotel as herein provided even though the final cost thereof based on the plans and specifications approved by the parties hereto as hereinafter provided exceeds such figure.

Architectural Design. The Hotel shall be of outstanding design and shall be in conformity with the general architectural requirements of the Lessor for construction of buildings and structures at O'Hare Airport as approved by the Commissioner of Public Works. Such approval shall be given within Sixty (60) days of the date of submission of said plans and specifications and if same is not given within such time, the additional time required shall be deemed "unavoidable delay". All construction shall meet the applicable requirements of building codes and ordinances of the City of Chicago and State and Federal Laws.

2. Approval of Plans by Other Governmental Authorities. Lessee agrees, at its sole cost and expense, to erect, build and equip the Hotel in a good and workmanlike manner in accordance with the plans and specifications referred to above. Lessee shall, prior to commencement of construction, procure all necessary and requisite approval of the plans and specifications for the Hotel by any and all federal, state and municipal and other governmental authorities, officers and departments having jurisdiction thereof and obtain any and all requisite building, construction or other licenses, permits or approval regarding such construction.

3. Temporary Use of Adjacent Land During Construction of Hotel. During the period of construction of the Hotel to be constructed on the Leased Premises, Lessor shall make available to Lessee, its agents, contractors, and subcontractors, without charge, such vacant adjacent land as the Commissioner of Aviation considers useful and necessary to provide ingress and egress to the Leased Premises during the construction of said Hotel, temporary parking facilities and temporary storage space for building materials and equipment. During said period of construction, Lessee, its agents, contractors or subcontractors, at their sole cost and expense, may erect and maintain on said temporary area such temporary construction sheds and other temporary facilities as may be required in the course of such construction work and as shall be reasonably approved by the Commissioner of Aviation. Upon completion of construction of the Hotel, Lessee shall remove said temporary construction facilities and debris, leveling off and leaving the area in a clean and useful condition. In connection with the use of said temporary area, Lessee shall not interfere with normal operations of the Airport or the structures thereon and shall be subject at all times to the orders or regulations of the Commissioner of Aviation regarding such ingress and egress and the regulation thereof. Lessee shall be liable to Lessor for any damage arising out of the use of said temporary area by it or its contractors, subcontractors and agents, and Lessee covenants and agrees to indemnify and save the Lessor harmless against all claims of third persons and any judgments and costs obtained against Lessor by reason thereof; provided, however, that if the Lessee shall adequately secure and protect the Lessor therefrom by bond or other means satisfactory to Lessor, Lessee shall have the right to contest by appropriate legal proceedings any such claims of third persons.

4. Construction Contracts. Lessee agrees that the construction contemplated herein shall cause inconvenience to the public and to the City of Chicago in the operation of the Airport and other tangible and intangible losses to the public and the City of Chicago. Consequently, Lessee further agrees that it shall, prior to letting, submit to the Commissioner of Public Works for his approval (which shall not be unreasonably withheld) the proposed construction contract documents and the work schedule attendant therewith.

5. Mechanics' Liens. At all times during and after construction, the Leased Premises shall (except as expressly permitted in this Lease) be kept

free by the Lessee from any and all mechanics' and other liens, charges and claims for the payment of money or otherwise, real estate and chattel mortgages, conditional bills of sale, security agreements, or of violations of governmental requirements and of any other encumbrances of any and all kind, nature and description growing out of or connected with construction of the Hotel; provided, however, that if the Lessee shall adequately secure and protect the Lessor and the Leased Premises therefrom by bond or other means satisfactory to Lessor, Lessee shall have the right to contest by appropriate legal proceedings in connection therewith. Nothing contained in this Paragraph 5 shall be applicable to Furniture and Furnishings (as defined in this Lease), and Lessee shall have the right in connection with any purchase of Furniture and Furnishings to execute chattel mortgages, conditional contracts or bills of sale or security agreements of any nature pertaining to said Furniture and Furnishings, provided the same shall impose no liability on the Lessor and shall not constitute a lien or encumbrance of any kind upon the Leased Premises.

6. Lessee's Financing and Rights of Leasehold Mortgagee. The Lessee shall have the right to mortgage this Lease to a bank, trust or insurance company, college or university, organized and existing under the laws of the United States or, subject to prior approval of Lessor, to mortgage this Lease to any other lender. No Leasehold Mortgage shall be binding upon Lessor in the enforcement of its rights and remedies herein and by law provided, unless and until an executed counterpart or photostatic copy thereof shall have been delivered to the Lessor, notwithstanding any other form of notice, actual or constructive.

If a Leasehold Mortgagee shall have given to Lessor, before any default shall have occurred under this Lease, a written notice, specifying the name and address of such mortgagee, Lessor shall give to such Leasehold Mortgagee a copy of each notice of default by Lessee at the same time as and whenever such notice of default shall thereafter be given by Lessor to Lessee addressed to such Leasehold Mortgagee at the address last furnished to Lessor. Lessor will accept performance by any such Leasehold Mortgagee of any covenant, condition or agreement on Lessee's part to be performed hereunder with the same force and effect as though performed by Lessee, if, at the time of such performance, Lessor shall be furnished with evidence reasonably satisfactory to Lessor of the interest in the Lease claimed by the institution tendering such performance.

In case of the termination of this Lease by reason of the happening of any event of default, Lessor shall give notice thereof to any Leasehold Mortgagee who shall have notified Lessor of its name and address, which notice shall be addressed to such Leasehold Mortgagee at the address last furnished to Lessor. If, within twenty (20) days after the mailing of such notice, such Leasehold Mortgagee shall pay, or arrange to the reasonable satisfaction of Lessor for the payment of all rents and any and all other moneys due and payable by Lessee hereunder, as of the date of such termination, together with an amount of money equal to the amount which but for such termination would have become due and payable under this Lease, from such termination date up to and including the date of mailing of such notice, Lessor shall, upon the written request of such Leasehold Mortgagee made any time within sixty (60) days thereafter and accompanied by an assumption agreement executed in recordable form, permit the substitution of such Leasehold Mortgagee as Lessee hereunder for the remainder of the term of this Lease, at the same minimum rent and percentage rent and upon the covenants, conditions, limitations and agreements herein contained, provided that such Leasehold Mortgage shall have paid to Lessor all rent, additional rent and other charges due under this Lease up to and including the date of the commencement of the term of such new lease, together with all expenses, including attorney's fees, incident to the execution and delivery of such new lease, but nothing herein contained shall be deemed to impose any obligation on the part of the Lessor to deliver physical possession of the Leased Premises to such Leasehold Mortgagee, nor to release the Lessee hereunder from any liability or obligation to Lessor.

7. Title to Property. Upon Substantial Completion of Construction, title to any buildings, structures and other permanent improvements, constructed or placed on the Leased Premises shall vest in and become the property of the Lessor, as part of the real estate and the Leased Premises, without any compensation therefor. However, Lessor agrees not to erect or permit to be erected any structures above the surface of the subsurface areas leased hereby or in the area between the leased premises and the proposed parking facility, except for roadways, walkways and transportation facilities.

It is expressly understood and agreed, however, that the foregoing shall not be applicable to Furniture and Furnishings and the Furniture or Furnishings shall be and at all times remain the property of Lessee.

8. Utilities:

(a) Water, Drainage and Sewage for Hotel. Lessor, at its sole cost and expense, shall extend utility lines to the basement of the Hotel, and Lessee, at its expense, shall make all connections with said utility facilities and shall make extensions of said utility facilities within the Leased Premises and shall cause to be installed meters for the purpose of measuring the quantities of all such water, energy in the form of high temperature water and chilled water used by the Lessee at the Hotel.

(b) Other Utility Services. Lessee, at no expense to Lessor, shall also have the right to request and receive, at its own expense, telephone and communications services, industrial gas service, electric power service and any other utility services from utility companies servicing O'Hare Airport, whether the companies furnish such services through their own conduits or pipes or through conduits and pipes owned by the Lessor. The telephone, communications, industrial gas, electric power and any other utility connections shall be at points and over routes approved by the Commissioner of Public Works, as being the most practical place and route available.

(c) Utility Charges. Lessee shall pay for all water and energy in the form of high temperature water and energy in the form of chilled water used at the Hotel on a metered basis at rates no higher than those charged to other comparable users at O'Hare Airport.

Lessee shall have the right, at no expense to Lessor, to make connections at points and over routes approved by the Commissioner of Public Works as being the most practical place and route available to sanitary and storm sewer lines serving the Airport proper.

The use of Lessor's storm drainage system shall be furnished to the Lessee without charge. The use of the Lessor's sanitary sewer system for the Hotel shall also be furnished to the Lessee without charge; provided, however, that if during the Term of this Lease the Lessor shall establish fees or charges for the use of said sanitary sewer system, Lessee shall pay for such utility service at rates

or charges no higher than those charged to other users at O'Hare Airport.

All bills for utility services furnished to Lessee by Lessor shall be paid promptly by Lessee.

The obligation of Lessor to furnish any of the aforesaid utility services shall be excused during any period when Lessor shall be prevented from furnishing such service by strikes, fires, labor troubles, accidents, inability to procure fuel or other cause beyond the reasonable control of Lessor and while Lessor shall in good faith be in the process of making necessary repairs to apparatus or equipment necessary for the furnishing of such service. Lessor shall not be liable to Lessee in damages or for abatement of rental (except as expressly provided in Article VIII hereof) on account of the failure to supply any such service so long as Lessor shall promptly and in good faith commence and proceed with the restoration of such service.

9. Ingress and Egress.

(a) Lessor hereby grants to Lessee the right of access and ingress to and egress from the Leased Premises by Lessee and its employees, contractors, suppliers, servicemen, sub-lessees, guests, patrons and invitees, provided that such rights of access, ingress and egress are at all times exercised in conformance with any and all regulations promulgated by the Commissioner of Aviation, or other lawful authority, for the care, operation, maintenance and protection of the Airport and the public and applicable to all users of said Airport. Lessor, at its sole cost and expense, shall construct and maintain completed roadways, sidewalks and other common use areas in the vicinity of the Leased Premises so as to provide said ingress to and egress from the Leased Premises.

(b) Lessor, at its sole cost and expense, shall construct one or more pedestrian tunnels between the existing terminal buildings and the proposed parking facility, which is to abut the Leased Premises; and Lessor hereby grants to Lessee the right of access and the right to connect corridors and/or entrances to said tunnel(s). Connections (at least one (1)) are to be provided at Lessor's expense, to the Property Line of the Leased Premises. Lessor reserves unto itself the right to run not more than two (2) such tunnel(s) below or through the substructure of the Leased Premises, provided notice thereof is given prior to completion of construction plans and specifications.

(c) Courtesy Cars. Lessee shall have the right, at all times during the Term of this Lease, to operate a courtesy car service between the Hotel and all of the terminal facilities at O'Hare Airport; and Lessor shall provide as Lessor and Lessee may agree, without charge, reserved space at each of said terminal facilities for the parking of courtesy cars for the purpose of loading and unloading baggage and picking up and delivering passengers to and from the Hotel.

10. Advertising Signs. Lessee shall not, without prior written approval of the Commissioner of Aviation (which approval shall not be unreasonably withheld), construct, maintain, operate and use, advertising signs with respect to the Hotel or directional signs within the perimeter of the Airport. Lessee agrees, however, if such signs are so approved, to assume all risk of damage and to indemnify and save the Lessor harmless from any and all loss, cost, damage, liability or expense arising or resulting from the existence, construction, maintenance, operation or removal of any such sign or signs.

ARTICLE IV

Use and Operation of Leased Premises.

1. Exclusivity.

(a) Subject to the provisions of paragraph 1(d) of this Article IV, the parties acknowledge and agree that this Lease grants to Lessee, upon the terms and conditions herein set forth, the sole and exclusive right to conduct hotel, inn and motel operations and to operate private sleeping or lounging room accommodations of every kind and description whatsoever at O'Hare Airport during the time this Lease is in full force and effect. Accordingly, subject to the provisions of paragraph 1(d) of this Article IV, Lessor covenants and agrees that during such time it will not directly or indirectly lease or grant to any person (other than the Lessee or any successor assignee of Lessee which may result from any merger, consolidation or reorganization or sale of all or substantially all of its assets, or any of their respective wholly-owned subsidiaries) the right to conduct hotel, inn or motel operations or to operate private sleeping or lounging room accommodations of any kind or description whatsoever at O'Hare Airport.

(b) Subject to the provisions of paragraph 1(d) of this Article IV hereof, Lessor further agrees that during the time this Lease is in full force and effect it will not directly or indirectly lease or grant to any person (other than the Lessee or any successor or assignee of Lessee which may result from any merger, consolidation or reorganization or sale of all or substantially all of its assets, or any of their respective wholly-owned subsidiaries) the right to advertise or solicit business at O'Hare Airport for any other hotel, inn or motel operation or any private sleeping or lounging room operation, except that Lessor may permit any hotel or motel wherever located to maintain direct phones and advertisements within the lower concourse area of each terminal building at O'Hare Airport.

(c) Lessee shall have the right to maintain direct phones and advertisements in the area or areas of O'Hare Airport set aside for direct phones to hotel and motels on the same basis as said services are furnished other hotels and motels using said services.

(d) Notwithstanding anything herein in this Lease to the contrary, the parties hereto realize that at some future time during the term of this Lease, Lessor may, but is not obligated to, enlarge the facilities now constituting O'Hare Airport. It is understood and agreed that in the event such facilities are so expanded and that during the one (1) year following the completion of such expansion, the Hotel shall have an average occupancy rate in excess of ninety (90%) per cent and in the judgment of the Lessor such expansion reasonably requires one or more additional hotel, private sleeping or lounging room accommodations, then and only in such event the exclusivity provisions of this Article IV shall not apply to said additional hotel, private sleeping or lounging room accommodations, it being understood and agreed and Lessor hereby covenants and agrees that it will not enter into any lease, sale or other arrangement with any other person, firm, corporation or other business entity with respect to the construction, erection or maintenance thereof without first offering the same to Lessee for sixty (60) days on terms and conditions no less favorable than those which Lessor certifies that it is willing to accept from another as evidenced by a bona fide offer received by Lessor from such other party. Such offer shall be in writing and shall contain a certificate subscribed by the Controller

of the Lessor setting forth the terms and conditions offered by such other party which the Lessor is willing to accept. Within sixty (60) days after the date of receipt by Lessee of such written offer from the Lessor, Lessee may accept such offer in writing and in such event, Lessee and Lessor shall promptly thereafter enter into an agreement of the terms and conditions aforesaid .

It is further understood and agreed that nothing herein contained shall preclude the Lessor and Lessee from negotiating independently for a lease or other arrangement with regard to the construction of such additional hotel, private sleeping or lounging room accommodations.

2. Information Booths. Lessor hereby grants to Lessee the exclusive right to conduct hotel, inn and motel information and reservation service booths at O'Hare Airport at locations and rental rates to be mutually agreed upon. Lessee agrees, however, that if at any particular time the Hotel located at O'Hare Airport is fully occupied and unable to provide hotel accommodations adequate to serve the needs of the public, Lessee than and thereafter in conducting such information and reservation services shall advise the public as to available hotel and motel accommodations outside of and in the vicinity of said Airport and in the City of Chicago and other surrounding cities.

3. Use and Operation. Lessee covenants to use the Hotel to be constructed on the Leased Premises solely for the operations of a first-class commercial type hotel and for all activities in connection therewith as may be reasonably approved by the Commissioner of Aviation in writing which are customary and usual to such operations, and to operate and provide in the Hotel facilities and services comparable to those provided in first-class commercial type hotels in the City of Chicago, Illinois. It is recognized, however, that the facilities and services offered at the Hotel will be limited by the nature of the facilities and the limitations on food and beverage facilities and services at the Hotel provided in paragraph 1 of Article III, but in any event such services shall be rendered in a first-class manner.

Lessee agrees to use its best efforts in every proper manner to maintain and develop the business conducted by it under this Lease and to increase same and not to divert or cause, or allow to be diverted any business from O'Hare Airport.

It is understood that Lessee shall have within the terms and provisions of this Lease absolute control and discretion in the operation of the Hotel. Without limiting the generality of the foregoing, such control of and discretion by Lessee shall include and extend to, among others, the use of the Hotel for all customary purposes (subject to the limitations on food and beverage facilities and services at the Hotel provided in paragraph 1 of Article III), the charges to be made for and the terms of admittance to the Hotel for rooms, commercial space, privileges, entertainment and amusement, and food and beverages, the labor policies of the Hotel (including wage rates, and the hire and discharge of employees), and all phases of promotions and publicity; provided, however, that such charges and the quality of service at the Hotel shall be commensurate with the charges and the quality of service at other first-class commercial type hotels in the City of Chicago, Illinois.

Lessee, with the consent of the Lessor (which consent shall not be unreasonably withheld) shall have the right to sublease or make contracts or other arrangements for specialty restaurants (subject to the limitations on food and beverage facilities and services at the Hotel provided in paragraph 1 of Article III) and in respect of commercial space and services customarily subject to sublease or concession in comparable first-class hotels.

4. Airport Rules and Regulations. Lessee shall observe and obey all rules and regulations governing the conduct and operation of O'Hare Airport, promulgated from time to time by the Lessor, which are reasonably required for the prudent, efficient and safe operation of O'Hare Airport or by the rules and regulations prescribed from time to time by any Federal or State Agency having jurisdiction with respect thereto or by the procedures prescribed from time to time by the Federal Aviation Administration or any other governmental authority having jurisdiction over operations at O'Hare Airport.

The obligation of Lessor, however, to keep said facilities in good repair and condition shall be excused during any period when Lessor shall be prevented from repairing and maintaining the same by strikes, labor troubles, inability to procure materials, apparatus or equipment or other causes beyond the reasonable control of the Lessor and while Lessor shall in good faith be in the process of repairing and maintaining the same.

(b) Maintenance by Lessee. Lessee shall have the right to make such alterations to the demised premises as Lessee shall elect, provided that Lessee shall not make structural alterations without the prior written consent of the Commissioner of Public Works, which consent shall not be unreasonably withheld, and provided further, that all alterations to the demised premises as Lessee shall elect to make shall be in conformity with the general architectural criteria by the Lessor for the said Airport and shall be in keeping with the design criteria of the buildings in which such alterations may be made.

2. Compliance with Ordinances. Lessee covenants throughout the Term of this Lease to promptly comply with all laws and ordinances, and the orders, rules, regulations and requirements of all Federal, state and municipal governments and appropriate departments, commissions, boards and officers thereof having jurisdiction in the premises, respecting the use or manner of use of the Leased Premises and the construction, maintenance and operation of any and all buildings, structures and other improvements on the Leased Premises per-

mitted by this Lease; provided, however, that if the Lessee shall adequately secure and protect the Lessor from loss, cost, damage or expense by bond or other means satisfactory to Lessor, the Lessee shall have the right to contest by appropriate legal proceedings the validity of any such law, ordinance, order, rule, regulation or requirement provided such contest shall be conducted without cost to the Lessor or result in the suspension of Lessee's operation of the Hotel and provided further that such contest shall not adversely affect the general operations, maintenance, construction or financing of O'Hare Airport or the obtaining of Federal, state, municipal or other funds therefor. Subject to the foregoing, the Lessee may postpone compliance with any such law, ordinance, order, rule, regulation or requirement, to the extent and in the manner provided by law, until final determination of any such proceedings and to the extent that such final determination shall be adverse to the contentions of the Lessee, it will promptly comply therewith. Lessee shall prosecute all such proceedings with all due diligence and dispatch.

All insurance provided for in subparagraph 1(a) and 1 (b) of this Article shall be effected under valid and enforceable policies issued by insurance companies of sound and adequate financial responsibility qualified to do business in the State of Illinois and approved by the Comptroller of the City of Chicago.

All policies of insurance of the character described in subparagraphs 1(b)(1), 1(b)(2) and 1(b)(3) of this Article shall be carried in the name of the Lessor and Lessee, if any, but shall expressly provide that any losses thereunder shall be adjusted with the insurance company or companies by the Lessee. All insurance proceeds recovered under such policies or insurance (excluding any insurance proceeds recovered on account of damage or destruction of Furniture and Furnishings) shall be applied and disbursed in accordance with the provisions of Article VIII.

Insurance of the character described in paragraphs 1(a) and 1(b) of this Article may be effected by policies of blanket insurance which may cover other properties or locations of the Lessee and its affiliated companies, which policies shall be without co-insurance so long as available, and may be without allocation of the amount of the total insurance provided thereby to any particular property or location. It is further understood and agreed that the policies of insurance provided for in paragraph 1(a) and 1(b) of this Article may contain franchise payment or deductible provisions as follows:

$250.00 deductible for innkeepers' claims under comprehensive public liability insurance.

At least ten (10) days prior to the time any of the insurance specified in this Article is required to be in effect, and thereafter not less than ten (10) days prior to the expiration or cancellation dates of the insurance policies about to expire or to be cancelled, certificates of insurance therefor, bearing a notation that the insurance policy evidenced thereby shall not be cancelled without at least thirty (30) days prior written notice to the Comptroller of the City of Chicago, shall be delivered by the Lessee to the Comptroller of the City of Chicago.

Notwithstanding the minimum limits specified in this Article VI, if insurance of the character described in subparagraph 1(b)(4), 1(b)(5) or 1(b)(6) of this Article actually maintained by the Lessee shall have higher limits, Lessor shall be named as an assured under such insurance.

2. Indemnification.

Lessee agrees, at its own expense, to defend, indemnify, save and hold harmless Lessor, its officers and agents, from and against all liability or loss for injuries to or deaths of persons or damages to property caused by any act or omission to act of, or use or occupancy of the Leased Premises by the Lessee, its sublessees, licensees, invitees, or any other person authorized by Lessee to use the Leased Premises or any portion thereof or as a result of any of their or the Lessee's operations or other activities at O'Hare Airport, regardless of whether the same are on or off the Leased Premises. Each party hereto shall give to the other prompt and timely notice of any claim made or suit instituted coming to the knowledge of their respective officers, management personnel or department heads which in any way reasonably appears to affect or which might affect either party hereto, and both shall have the right to participate in the defense of the same to the extent of its own interest. In the event the Lessor shall decide to so defend, such defense shall not be deemed a waiver by the Lessor of any of its rights against Lessee under the foregoing indemnification provisions.

ARTICLE VII

Taxes and Assessments.

Lessee shall pay any and all taxes or special assessment, including all real estate and personal property taxes and assessments, if any, which may be assessed and payable upon Lessee's interest in

the Leased Premises during the term of this Lease. In the event the annual real estate and personal property taxes exceed Two Hundred Thousand ($200,000.00) Dollars and additional taxes paid shall be deducted from the percentage rent (in excess of the One Million ($1,000,000.00) Dollars fixed minimum rent) due for the period in which taxes become a lien.

ARTICLE VIII

Damage or Destruction.

1. Restoration. If at any time during the term of this Lease the Hotel or any other buildings, structures or other permanent improvements on the Leased Premises shall be damaged or destroyed in whole or in any part by fire or by any other peril or perils against which insurance may be afforded under the terms of the form of extended coverage endorsed then generally issued by insurance companies qualified to do business in the State of Illinois and if any insurance proceeds are payable by reason thereof, Lessee shall, with all reasonable dispatch after such damage or destruction, cause plans, specifications and estimates of cost for repairing, replacing or reconstructing the damaged or destroyed property (in accordance with the original design, subject to such modifications thereof as may be approved by the Commissioner of Public Works, whose approval shall not be unreasonably withheld) to be prepared by a firm of architects selected by the Lessee and approved by the Commissioner of Public Works (which approval shall not be unreasonably withheld). The plans and specifications for such work (except for emergency repairs) shall be submitted to and receive the approval of the Commissioner of Public Works prior to the commencement of such work. Upon approval of the plans and specifications for such work as aforesaid and receipt by Lessee of the proceeds of insurance recovered on account of such damage or destruction, Lessee shall, with reasonable diligence, proceed, except for unavoidable delays, to repair, restore, replace or rebuild, in accordance with the approved plans and specifications, the buildings, structures or other improvements so damaged or destroyed as nearly as possible to their condition immediately prior to such damage or destruction, subject to such modifications as may be approved by the Commissioner of Public Works, which approval shall not be unreasonably withheld.

2. Use of Insurance Proceeds. All insurance proceeds recovered under such policies of insurance (excluding any insurance proceeds recovered on account of damage or destruction of Furniture and Furnishings) shall be applied and disbursed as follows:

First: To pay or reimburse the Lessee for all expenses incurred in connection with the adjustment or collection of such loss.

Second: To pay or reimburse the Lessee for all costs and expenses incurred in connection with the preparation of the aforesaid plans, specifications and estimates of cost for repairing, replacing or restoring the damaged or destroyed property.

Third: To pay or reimburse the Lessee for the costs and expenses of such work as the same progresses so that the Leased Premises shall at all times be free from liens for any labor, services or materials performed, furnished or delivered in connection with such work.

Fourth: Of the balance, if any, of the insurance proceeds remaining after payment in full of all of the above-described prior charges, Lessee shall pay to the Lessor such proportion thereof as the number of full Lease Years immediately preceding the Lease Year in which such damage or destruction shall occur bears to twenty (20) years, and the balance of any such remaining proceeds shall be retained by the Lessee.

3. Abatement of Rent. If at any time during the Term of this Lease the Leased Premises are damaged or destroyed in whole or in part by fire, collision by aircraft, Act of God or any other cause beyond the reasonable control of the Lessee, the Lessee shall be entitled to a reasonable abatement of rental payments provided herein for such period of time from and after the date of such damage or destruction as may be reasonably required for the repairing, restoring or rebuilding of the buildings, structures and other improvements on the Leased Premises or, in the event of termination of this Lease under paragraph 4 of this Article or under paragraph 2 of Article XI for a period from and after the date of such damage or destruction, to and including the effective date of termination of this Lease.

4. Right to Terminate Lease. If at any time during the last five (5) years of the Term of this Lease the Leased Premises shall be substantially damaged or destroyed in whole or in part (which shall mean damage or destruction in an amount equivalent to fifty per cent (50%) or more of the then actual replacement value thereof, excluding the same items which are expressly excluded under subparagraph 1(b)(1) of Article VI in determining the "actual cash value" of the Leased Premises, but without deducting physical depreciation, or to a lesser extent if such a portion thereof shall be damaged or destroyed so as to make it imprudent or unreasonable, in Lessee's reasonable opinion, to use the remaining portion for hotel operations of the type and class immediately preceding such damage or destruction), by fire, collision by aircraft, Act of God or other cause beyond the reasonable control of the Lessee, and whether or not insured in whole or in part against any such cause, the Lessee may, at its option, terminate this Lease within sixty (60) days after the extent of such damage or destruction has been determined by serving upon the Lessor at any time within said sixty-day period a ten (10) day written notice of the Lessee's election to so terminate, without any liability of the Lessee to the Lessor, except for the payment of rent, if any, accrued to the date of such termination (subject to abatement thereof as provided in paragraph 3 of this Article) and full performance, at Lessee's sole cost and expense, of the work of demolition or removal of the remaining portions of the buildings, structures or other improvements so damaged or destroyed and removal of all debris from the Leased Premises. In the event this Lease shall be terminated pursuant to the provisions of this paragraph or under Article XI hereof, the insurance proceeds, if any, recovered on account of such damage or destruction under insurance policies of the character described in subparagraphs 1(b)(1), 1(b)(2), and 1(b)(3) of Article VI (excluding any insurance proceeds recovered on account of damage or destruction of Furniture and Furnishings and after deducting all expenses incurred by Lessee in connection with the adjustment or collection of such loss) shall be paid to the Lessor and retained by the Lessee, as the case may be, in the proportions provided in subparagraph Fourth of paragraph 2 of this Article.

ARTICLE IX

Condemnation.

In the event the Leased Premises or any part thereof shall be taken or condemned in any eminent

domain, condemnation, compulsory acquisition or like proceedings by any competent authority for any public or quasi-public use or purpose (hereinafter referred to as "condemnation proceedings"), Lessor and Lessee shall each have the right, as against my condemnor, to recover to the extent of their respective interests hereunder, damages or compensation for the taking of or damage injury to the Leased Premises, or any part thereof; and Lessee in cooperation with Lessor, shall have the right to participate in any condemnation proceedings and be represented by counsel for the purpose of protecting their respective interests hereunder. Anything to the contrary notwithstanding, in the event the condemning authority is the City of Chicago or any agency thereof, the entire condemnation award, if any, shall be payable in full to the Lessee.

ARTICLE X

Defaults and Remedies.

1. Events of Default. If at any time or from time to time during the term of this Lease, any of the following events (herein called "Events of Default") shall occur and not be remedied within the periods of time hereinafter specified, namely:

(a) Lessee shall (i) apply for or consent to the appointment of a receiver, trustee or liquidator of the Lessee or of all or a substantial part of its assets, or (ii) file a voluntary petition in bankruptcy, or admit in writing its inability to pay its debts as they come due, or (iii) make a general assignment for the benefit of creditors, or (iv) file a petition or an answer seeking reorganization or arrangement with creditors or to take advantage of any insolvency law, or (v) file an answer admitting the material allegations of a petition filed against the Lessee in any bankruptcy, reorganization or insolvency proceedings, or (vi) an order, judgment or decree shall be entered by any court of competent jurisdiction, on the application of a creditor, adjudicating the Lessee a bankrupt or insolvent or approving a petition seeking reorganization of the Lessee or appointing a receiver, trustee, or liquidator of the Lessee or of all or a substantial part of its assets, and such order, judgment or decree shall continue unstayed and in effect for any period of ninety (90) consecutive days; or

(b) Lessee shall default in the payment of any installment of Rent and such default shall continue for a period of thirty (30) days after the same is due and payable; or

(c) Lessee shall, for any reason other than Unavoidable Delays, cease to conduct business operations at the Leased Premises or shall abandon or vacate the Leased Premises, and any of the said defaults shall continue for a period of thirty (30) days or more; or

(d) Lessee shall fail to perform keep or fulfill any of the other covenants, obligations or conditions of this Lease to be performed, kept or fulfilled by the Lessee and any such default shall continue for a period of sixty (60) days after notice thereof by Lessor to Lessee specifying the general nature of such default; then, in the case of any such Event of Default and upon expiration of the applicable periods of grace above mentioned, the Lessor may give to the Lessee a notice of intention to terminate this Lease after the expiration of five (5) days from the date of giving of such notice (herein called the "5-day notice"), and on the date set forth in said notice the Term of this Lease, and all right, title and interest of the Lessee hereunder, shall expire as fully and completely as if that day were the date herein specifically fixed for the expiration of the Term of this Lease, and Lessee will thereupon quit and surrender the Leased Premises to the Lessor, but Lessee shall remain liable as hereinafter provided. If, upon receipt of such 5-day notice, Lessee shall proceed promptly and with all due diligence to cure the same and thereafter to prosecute the curing of such default with all due diligence within such 5-day period, the time for Lessee to cure the same shall be extended for such period as may be necessary to cure the same with all due diligence, then such notice shall be of no force and effect and the rights of the parties shall be the same as existed prior to the giving of said 5-day notice.

2. Lessor's Right of Entry Upon Default. In the case of the happening of an Event of Default which is not cured within the time specified in paragraph 1 of this Article, and upon expiration of the 5-day notice, the Lessor or the Lessor's agents and servants may immediately or at any time thereafter re-enter the Leased Premises and remove all persons and all or any property therefrom, either by summary dispossess proceedings or by any suitable action or proceeding at law or by force or otherwise, without being liable to indictment, prosecution or damages therefor, and repossess and enjoy the Leased Premises together with all additions, alterations and improvements.

Upon the expiration of the term of this Lease by reason of the happening of any Event of Default which is not cured within the time specified in paragraph 1 of this Article or in the event of the termination of this Lease by summary dispossess proceedings or under any similar provision of law now or at any time hereafter in force by reason of or based upon or arising out of a default under this Lease on the part of the Lessee, the Lessor may, at its option, at any time and from time to time, relet the Leased Premises, or any part or parts thereof, for the account of the Lessee or otherwise, and receive and collect the rents therefor, applying the same first to the payment of such expenses as the Lessor may have incurred in recovering possession of the Leased Premises, including legal expenses and attorneys' fees, and for putting the same in good or condition for re-rental and all other expenses, commissions and charges paid, assumed or incurred by the Lessor in or about reletting the Leased Premises and then to the fulfillment of the covenants of the Lessee hereunder. Any such reletting herein provided for may be for the then remaining Term of this Lease, or for a longer or shorter period.

In any such case and whether or not the Leased Premises, or any part thereof, be relet, except in a case in which the Lessor has terminated this Lease in accordance with the provisions of paragraph 1 of this Article X, the Lessee covenants and agrees, if required by the Lessor, to pay to the Lessor until the end of the Term of this Lease, the excess, if any, of the annual Rent over the net avails of reletting or annual rental value of the Leased Premises, whichever is greater, and the same shall be due and payable by the Lessee to the Lessor within sixty (60) days after the end of each Lease Year, that is to say, within sixty (60) days after the end of each Lease Year the Lessee shall pay to the Lessor the amount of the deficiency then existing, but in lieu thereof, the Lessor shall have the election in the place and instead of holding the Lessee so liable, forthwith to recover against the Lessee as damages for loss of the bargain and not as a penalty, an aggregate sum which at the time of such termination of this Lease or of such recovery of possession of the Leased Premises by the Lessor, as the case may be, represents the

then present worth, discounted at the rate of 6% per annum, of the excess, if any, of the aggregate of the Basic Rent that would have accrued for the balance of the Term of this Lease over the aggregate rental value of the Leased Premises for the balance of the Term of the Lease.

3. No waiver of Subsequent Breaches or Defaults. No waiver of default by either party hereto of any of the terms, covenants or conditions herein to be performed, kept and observed by the other party shall be construed to be or act as a waiver of any subsequent default of any of the terms, covenants or conditions herein contained to be performed, kept and observed by either party hereto.

ARTICLE XI

Rights and Remedies of Lessee.

Termination by Lessee. Lessee may cancel this Lease and terminate its obligations hereunder, without any liability to the Lessor except for rent, if any, accrued to such date of termination (subject to abatement as provided in Article VIII to the extent applicable) at any time subsequent to the date hereof, upon or after the happening of any one of the following events:

(a) Inability of Lessee to conduct upon the Leased Premises normal hotel operations because of any order, rule or regulation of any appropriate governmental agency having jurisdiction over the operation of O'Hare Airport on account of any condition in or inadequacy of maintenance of the facilities of O'Hare Airport required to be maintained or provided by the Lessor, or upon abandonment or substantial curtailment for any reason in airline passenger operations conducted at O'Hare Airport, and such inability or such abandonment or substantial curtailment shall have continued for a longer period than ninety (90) days.

(b) The breach by the Lessor of, or its failure to perform, any other covenants herein contained for a period longer than ninety (90) days after receipt of written notice from the Lessee of the existence of such breach, failure or default.

Lessee shall exercise such right of termination by written notice delivered to the Lessor at any time after elapse of the applicable periods of time above specified.

The exercise of any of the remedies herein provided shall be cumulative and shall in no way affect any other remedy available to Lessee.

ARTICLE XII

Right of First Refusal to Re-Lease.

If, at the end of the Lease term, Lessor wishes to re-lease the Leased Premises to a private party for the purposes set out in this Lease, Lessee shall have the right of first refusal to re-lease the Leased Premises, upon the condition that Lessee shall have performed, in every way and in good faith, each and all of the terms, covenants and conditions of this Lease throughout the Lease term.

Lessor shall notify Lessee of its intent to re-lease the Leased premises at some time during the six (6) months prior to expiration of the Lease term and shall, at that time, propose the terms and conditions upon which the Leased Premises are to be re-leased.

Lessee shall have thirty (30) days after such notice in which to accept or reject the offer to re-lease the Leased Premises upon the terms and conditions proposed by Lessor. If the offer is not accepted within said thirty (30) day period, Lessor may lease the property to others upon the same terms and conditions as those offered to Lessee. Lessor agrees, however, that for one hundred eighty (180) days after the end of the Lease term, it will not offer different terms and conditions to other private parties without first offering Lessee the opportunity to lease the Leased Premises upon such other terms and conditions.

In any event, Lessee's right of first refusal shall terminate, absolutely, one hundred eighty (180) days after the end of the term of this Lease.

ARTICLE XIII

Covenant of Quiet Enjoyment.

Lessor agrees that Lessee, upon payment of the rent, and all other payments and charges to be paid by Lessee under the terms of this Lease, and observing and keeping the agreements and covenants of this Lease on the part of the Lessee to be observed and kept, shall lawfully and quietly hold, occupy and enjoy the Leased Premises during the term of this Lease, without hindrance or molestation from the Lessor or anyone claiming by, through or under the Lessor, but Lessor's agreement is subject, however, to Lessee holding and enjoying the Leased Premises under the conditions which may be reasonably anticipated in connection with the operation of aircraft or an airport.

ARTICLE XIV

Miscellaneous Provisions.

1. Inspection by Lessor. Lessor may enter upon the Leased Premises at any reasonable time for any purpose necessary, incidental to or connected with verification of the performance of Lessee's obligations hereunder, but subject to the provisions with respect thereto otherwise contained herein.

2. Sale of Furniture and Furnishings at End of Term. Upon the expiration or sooner termination of the Term of this Lease, Lessee shall have the right to remove all Furniture and Furnishings then owned by it. In the event Lessee elects not to remove any such Furniture and Furnishings, Lessor shall have the right and option to purchase the Furniture and Furnishings then owned by the Lessee at a price in cash equal to Lessee's then book value (i.e., original cost less accumulated depreciation) of said Furniture and Furnishings, and such option shall be exercised, if at all, at least thirty (30) days prior to the expiration or earlier termination of the Term of this Lease by payment to the Lessee of the aforesaid price in cash. If such option shall be exercised, Lessee shall deliver to the purchaser of such Furniture and Furnishings at the time of such exercise a bill of sale in the usual and customary form, with full title warranties, covering all of said Furniture and Furnishings, and said Furniture and Furnishings shall be surrendered and delivered to the purchaser thereof upon the expiration or earlier termination of the Term of this Lease.

entering into a new lease with any successor lessee it shall require such successor lessee to pay to Lessee such purchase price based upon the book value as aforesaid, in cash at the time of execution of such new lease. Upon receipt of such amount, Lessee shall deliver to such successor lessee a bill of sale, in the usual and customary form, with full title warranties, covering said Furniture and Furnishings, and same shall thereupon be surrendered and delivered to such successor lessee.

3. Surrender of Possession. Upon the expiration or earlier termination of this Lease pursuant and subject to the provisions of this Lease, Lessee shall yield and deliver to the Lessor possession of the Leased Premises in good repair and condition, reasonable wear and tear and loss or damage by fire, collision by aircraft, Act of God or other cause beyond the reasonable control of the Lessee excepted. Lessee shall, however, repair, at its own cost and expense, any damage resulting to the Leased Premises from its removal of such property.

4. Assignment or Sublease. No Assignment of this Lease and no sublease of all or substantially all of the Leased Premises as an entirety shall be valid or of any force and effect, without the written consent of the Lessor first had and obtained. Nothing herein contained shall be construed to prevent Lessee from assigning this Lease and all of its rights and obligations hereunder to any successor assignee of Lessee which may result from any merger, consolidation or reorganization or sale of all or substantially all of its assets or to any of their respective wholly-owned subsidiaries, provided that such successor or assignee shall assume in writing all of the obligations of the Lessee under this Lease, and provided further that the Lessee shall not be released from any of its obligations hereunder.

5. No Partnership or Joint Venture. Nothing contained in this Lease shall constitute or be construed to be or create a partnership or joint venture between the Lessor, its successor or assigns, on the one part, and the Lessee, its successors or assigns, on the other part.

Copies of all such notices shall be sent to Newton W. Now, Therefore, in consideration of the premises and of One Dollar ($1.00) and other good and valuable consideration, the receipt and sufficiency of which is acknowledged, the said Beverly Bank and Marquette National Bank, as Trustees, as aforesaid and not personally, for themselves, their successors, assigns, transferees, and grantees do hereby:

1. Give and grant to the City of Chicago an easement in and to and the right, privilege and authority to construct, maintain, clean, repair, alter, use and operate a storm sewer and appurtenances and a water main and appurtenances and to otherwise maintain said storm sewer and appurtenances and water main and appurtenances with right of access thereto upon and under a strip of land 27 feet wide and as per plat of resubdivision recorded as Document No. 20918762 in book 799 of plat, page 46. This covers the westerly 27 feet from 5700 South to 5800 South on a private street to be known as Kenton, Chicago, Illinois.

2. Agree that said easement is being granted upon substantially the following terms:

A. That Grantors and their successors, assigns, transferees and grantees reserve the right to use that strip of land for any purpose not inconsistent with the right and privileges granted to the City including the right to construct a roadway and walk upon said easement, provided however that the City have the right to dig up said roadway and walk for the purpose of maintaining the said storm sewer and appurtenances and water main and appurtenances and not be responsible for the repair or repaving of said walk and road.

B. That Grantors and their successors, assigns, transferees and grantees reserve the right to make connections with said water main under regulations of the Department of Water and Sewers of the City of Chicago.

C. That Grantors and their successors, assigns, transferees and grantees may give to any public or other utility, rights to install and maintain equipment for utility services, where the same is not in conflict with rights granted to the City of Chicago, provided that such other utilities first obtain consent and approval of the construction and location of such utilities within the easement tract from the grantees.

D. That Grantors and their successors, assigns, transferees and grantees guarantee the grantee the right of ingress and egress with construction equipment necessary for the maintenance and repair of easement storm sewers and appurtenances and water mains and appurtenances.

E. The Grantors and their successors, assigns, transferees and grantees agree not to over build such easement storm sewer or appurtenances or water main or appurtenances with permanent improvements.

F. That Grantors and their successors, assigns, transferees and grantees agree not to hold Grantee liable for damages to physical improvements within the easement tract, that may result from repair or maintenance of the easement storm sewer and/or appurtenances or easement water main and/or appurtenances and agree that Grantee need not repair any pavement that is damaged in connection with the same.

G. That all rights granted under this easement shall terminate if the City of Chicago abandon said easement storm sewer and appurtenances and water main and appurtenances.

3. Agree that this agreement may not be revoked without the unanimous written consent of all of the record owners of the subject property and the City of Chicago.

4. Agree that the 5700 South Kenton Corporation, an Illinois corporation, hereinafter referred to as the corporation, shall have the sole and exclusive perpetual possession of and shall maintain the private road and walk in good condition and shall repair and repave all damaged or worn areas and shall repair and repave all areas that are damaged because of maintenance or repair of said storm sewer and/or appurtenances or, because of maintenance or repair of the water main and appurtenances and that Grantors and their successors, assigns, transferees and grantees shall permit access to all or any portion of said private road or walk to make repairs to the same. Grantors, their successors, assigns, transferees and grantees agree to contribute towards the cost of such repairs but agree that their respective liability shall be prorated, that is, that it be proportionate to the number of lineal feet of frontage of land on the Private Street, owned by each owner along said private road and walk. The corporation's decision to repair or repave said road and walk shall be conclusive and that one or more of the respective owners of the said parcels of real estate may not interfere with the decision of the corporation.

5. Agree that in the event the corporation incurs any expense or liability in connection with the repair or maintenance of the said private road or walk (excluding the cost of maintaining the storm sewer and appurtenances or the water main and appurtenances) that the corporation shall have a Lien against the realty of such owner or owners of any

of said parcels of real estate that have not paid their proportionate share for the amount of such expense or liability allocated to said parcel of real estate. Said Lien shall be a first and prior Lien to the Lien of any and all other encumbrances and may be foreclosed by the corporation as in the case of a Mechanic's Lien, which procedure is set forth in Chapter 82 of the Illinois Revised Statutes. Such Lien shall include reasonable attorney's fees and costs incurred in connection with the collection of the same. The remedy of foreclosure shall not be an exclusive remedy for the collection of such Lien and such prorated amount plus reasonable attorney's fees and costs may be collected in an ordinary action at Law.

6. Agree that this agreement shall be recorded and shall be construed to be a covenant running with the land and shall be enforceable, not only by Grantors, their successors, assigns, transferees and grantees and the corporation who shall become parties to this agreement as hereinafter provided but also by the City of Chicago, who shall be a third party beneficiary of this agreement. The acceptance of title to any or all of the within described realty by successors in title of the parties shall constitute an express assumption of liability hereunder and shall relieve the Grantors of and from all future liability under this agreement for the parcel of real estate then conveyed and shall relieve the Grantors of and from all future liability under this agrement and the applicable bond or bonds as of the date of the conveyance for the portion then conveyed; and the successor or successors in title (grantees) shall be, without any further act other than the acceptance of title, substituted in the place of his, her or its predecessor in title with relation to this agreement. For the purposes of this agreement only, acceptance of title shall be conclusively presumed by the recording (or registration) of a Deed or Deeds to any or all of the within described realty by or for the grantee named herein. Execution of the document by the corporation approving this agreement shall constitute an assumption of liability by the corporation of its obligations set forth in Paragraph 9 herein and also an acceptance of the sole and exclusive perpetual possession of the private road and walk by the corporation subject to the easements heretofore and herein granted.

7. Agree that Grantors, their successors, assigns, transferees, and grantees, including all mortgagees, and the corporation shall execute a document of dedication of the private road and walk to the City of Chicago upon the request of the City of Chicago or the owner or owners of any one or more of the said parcels of real estate and that Grantors do hereby for themselves, their successors, assigns, transferees, and grantees and all future mortgagees and for the corporation constitute Michael F. Sullivan as the attorney in fact with full power of substitutions in the premises and Edward Stack as second successor attorney in fact with full power of substitution in the premises, to execute such document of dedication dedicating the private road and walk designated on the aforedescribed plat of Resubdivision as the Westerly twenty-seven feet (27′) of the subject real estate to the City of Chicago.

8. Agree that this agreement shall terminate upon the dedication of the said private road and walk to the City of Chicago and acceptance of said dedication by the City; provided that termination of this agreement upon dedication shall serve to release only future liability and shall not be construed to release any actual liability incurred prior to the acceptance of said dedication.

The following is said ordinance as passed:

Be It Ordained by the City Council of the City of Chicago:

SECTION 1. That the Commissioner of Water and Sewers is hereby authorized and directed to execute on behalf of the City of Chicago, and the City Clerk to attest, upon approval of the Corporation Counsel, as to form and legality, a water supply contract between the City of Chicago and the Village of Burnham.

Said water supply contract to be substantially in form as follows:

Water Supply Contract Between the
City of Chicago and Village of
Burnham, Illinois

This Agreement made and entered into this..... ..... day of .....A.D. 19 .....and executed in quintuplicate originals (each executed copy constituting an original) by and between the City of Chicago, a Municipal Corporation organized and existing under and by virtue of the laws of the State of Illinois, party of the first part, hereinafter referred to as the "City" and the Village of Burnham, a Municipal Corporation in Cook County, Illinois located within The Metropolitan Sanitary District of Greater Chicago, party of second part, hereinafter referred to as the "Village".

Witnesseth:

Whereas, the City of Chicago and the Village of Burnham entered into an agreement on the 25th day of March, A.D. 1909 for the furnishing from the City's water main at the City limits a supply of water in sufficient quantities through a metered connection authorized by the Commissioner of Public Works at the intersection of 138th Street and Howard Avenue (now known as Brainard Avenue), to be used by the Village in supplying water to consumers within said Village, and also in case of fire; and it was expressly understood and agreed that the City may shut off and discontinue the supply of water hereunder at any time when, in the judgment of the Commissioner of Public Works of said City, it is desirable to do so to protect the supply of water furnished by said City to its own citizens and industries; and

Whereas, the City of Chicago, the City of Calumet City and the Village of Burnham entered into an amended agreement in December A.D. 1926 whereby the City of Calumet City, and the Village of Burnham were permitted to make an emergency connection between the 24-inch main of the City of Calumet City and the 6-inch main of the Village of Burnham at 140th Street and Burnham Avenue; and

Whereas, the Village of Burnham, has by its corporate authorities made application to the corporate authorities of the City of Chicago for renewal of its water supply contract to provide for an increased supply of water and a new service connection to the City's mains at the city limits, E. 138th Street and S. Brainard Avenue; and

Whereas, the City of Chicago is willing to furnish the Village of Burnham with increased supply of water and a new water service connection to the City's mains at the city limits, E. 138th Street and S. Brainard Avenue.

Now, Therefore, in consideration of the mutual covenants and agreements hereinafter contained, the parties agree with each other as follows:

Rates and Discounts

(4) The Village shall pay to the City all charges for water furnished hereunder to supply consumers within the corporate limits of the Village, when due, at the rate fixed by the ordinance of the City of Chicago, now in force and effect or which may hereafter be amended for water furnished through meters in like large quantities to consumers within the corporate limits of the City.

(5) The Village shall pay to the City all charges for water furnished hereunder to supply consumers located outside the corporate limits of the Village, when due, at the rate of fifty per cent (50%) higher than the metered rate per thousand cubic feet of water fixed by the ordinance of the City of Chicago now in force and effect, or which may hereafter be amended for water furnished through meters in like large quantities to consumers within the corporate limits of the City.

(6) The Village shall be entitled to the same discount or benefit allowed to metered consumers of the City, as provided by the ordinances of the City now in force and effect, or which may hereinafter be amended, if the Village pays its water bills within the time prescribed by ordinance.

(7) The City reserves the right at any time during the term of this contract to classify water consumers and to fix rates for each class of consumer; also to fix rates for water furnished to the Village, and other municipalities and persons or other water users for consumption outside the corporate limits of the City, higher than the rates fixed for water furnished to consumers of the same class for consumption within the corporate limits of the City, subject to such limitations as are then applicable by law.

Period of Contract

(8) This contract shall be in force and continue in effect for a period not longer than ten years from the date hereof unless sooner terminated as herein provided.

Meters and Meter Equipment

(9) The Village, at its own cost and expense, shall provide and install the meter vaults, the meters and meter equipment measuring and controlling the said supply of water, which vaults, meters and meter equipment shall be of such type, size and design as shall be satisfactory to and approved by the Commissioner of Water and Sewers of the City and shall be located in or near the City limits at a location to be approved by said Commissioner of Water and Sewers. The control valves shall be located within the City and such meters, meter equipment, meter vaults and valves shall at all times be under the control of the City, but the full and complete maintenance and protection of such meters, meter equipment and meter vaults shall be the obligation of the Village.

(10) The properly authorized officers, agents and representatives of the City shall at all times have free access to the meter or meters and all other facilities herein provided for, for the purpose of shutting off the water for failure to pay the water rates or charges in this agreement provided to be paid by the Village and for the purpose of reading the registrations of said meter or meters, and to examine, shut off and test the same to ascertain whether or not they are in good condition and repair and to make such repairs upon the same as may be necessary, the expense of any and all necessary repairs to be borne by the Village.

(11) If at any time the said meter or meters shall fail to register correctly the quantity of water furnished and taken hereunder, or shall fail to register the flow of water through said meter or meters, the unregistered, under-registered or over-registered amount of water furnished and taken

shall be determined by taking an average of the twelve (12) preceding readings of such meter or meters exclusive of deficient or excessive readings. Where said meter or meters have been installed for a period of less than one (1) year, or where less than twelve (12) competent readings exist, such average or estimate may be based upon a lesser number than twelve (12) readings taken preceding or subsequent to such incorrect or stopped registrations. In both instances, the Commissioner of Water and Sewers of the City shall determine which are excessive or which are deficient readings and shall also determine the number of months upon which such estimate is to be based.

Terms and Conditions of Service

(12) The Village at its own cost and expense, shall provide, make and keep in repair all feeder mains, connections, meter vaults, receiving tank or tanks, booster or other pumps and slow-acting valves, or other appliances deemed necessary by the Commissioner of Water and Sewers of the City at the points of connection herein designated. If at any time the meter or meters or meter housing, which are also to be provided by the Village, shall prove unsatisfactory to said Commissioner of Water and Sewers, or be out of repair, they shall be replaced or repaired by the City, and the cost and expense of such replacements or repairs shall be charged to and paid by the Village.

(13) The Village shall provide, install, maintain and operate at its own cost and expense and at such locations as shall be designated by the Commissioner of Water and Sewers of the City, the following:

A shut-off gate or gates, reservoir or reservoirs of sufficient capacity to store not less than the maximum day's supply of water; receiving tank or tanks, booster or other pumps, slow-acting valves and such other appliances or devices as may be required by said Commissioner of Water and Sewers for the purpose of increasing, decreasing, and otherwise, controlling the water supply furnished and taken hereunder, said equipment and appliances to be of such type, size and design as shall be satisfactory to and approved by said Commissioner of Water and Sewers, and the entire installation thereof shall be under the direction of and performed in a manner satisfactory to and approved by said Commissioner of Water and Sewers. The Village agrees to maintain and operate said reservoir or reservoirs of such capacity that water will be drawn from the City's mains at a substantial uniform rate of flow, as hereinafter provided during the period of this contract.

(14) The water supply furnished and taken hereunder shall be drawn by the Village at a substantial uniform rate of flow throughout twenty-four (24) hours of each day of the year.

It is hereby agreed that the Commissioner of Water and Sewers of the City and his authorized representatives shall have access to and the right to adjust and control valves and meters in order to limit the flow of water as herein provided and for the purpose of meeting any and all emergencies and necessitous requirements.

(15) The Village agrees to comply with any and all sanitary regulations of the City and the present and future rules, regulations and instructions of the Department of Water and Sewers of the City applicable to cross-connections and dual water supplies as are in force in the Chicago Water System. The Village further agrees that the duly authorized engineers and inspectors of the City, in collaboration with the representatives of the Village shall be allowed to make inspections and require tests for tightness of the piping of the water works installations, and of all plants or other buildings of water users within the territorial limits of the Village and the Village further agrees to make such changes in its piping and to eliminate such cross-connections or other connections as in the judgment of the Commissioner of Water and Sewers of the City are necessary. The failure, neglect or refusal on the part of the Village to make promptly and properly such changes in its piping, to maintain tightness or to eliminate undesirable connections upon notice in writing so to do from said Commissioner of Water and Sewers, shall furnish sufficient grounds for the City to shut off the water and discontinue the service hereunder until changes and corrections in said piping or connections required by the City are made by the Village.

(16) The Village agrees to prevent excessive use and waste of water.

(17) The Village agrees to appropriate annually sufficient money or so much thereof, as may be necessary, to provide sufficient funds for the payment of the water furnished by the City hereunder. The Village further agrees that it will at all times charge its water consumers sufficient rates in order to provide adequate funds for the payment of water furnished it by the City.

(18) It is further agreed that the City may either in law or equity, by suit, mandamus or other proceedings, enforce or compel performance of any and all convenants herein contained.

(19) In order to safeguard its water supply received hereunder and the City's water supply, the Village hereby agrees to maintain a safe water supply throughout its system and to provide, maintain and operate at all times during the period of this contract, chlorinating equipment or other equally effective health protecting process equipment of such kind and capacity that a proper chlorine residual or similarly effective result may be carried throughout its water supply system. All proposed water works improvements, which must be approved by the Commissioner of Water and Sewers of the City, shall be disinfected in accordance with the requirements of the Department of Water and Sewers of the City; said water works improvements shall not be placed into service until approved as to sanitary quality.

(20) The City may adopt any protective or health measures it deems advisable or desirable for the benefit of its water consumers, such as the fluoridation of its water, in any manner that the Commissioner of Water and Sewers of the City shall see fit.

(21) The Village agrees to notify the Commissioner of Water and Sewers of the City as promptly as possible of all emergency and other conditions which may directly or indirectly affect the quality of the water received hereunder and the City's water supply and further agrees that the duly authorized engineers and inspectors of the City shall be allowed to make inspections and required tests of the quality of the water supply as received hereunder, as well as the quality of the water within the Village distribution system.

(22) The Village agrees not to resell or permit any water furnished hereunder to be used to supply any other municipality or any consumer of water located or residing outside the corporate limits of the Village, except if and when it should be specifically authorized so to do by the City Council of the City.

(23) The Village agrees to use City water exclusively during the period of this contract.

(24) The Village further agrees not to sell, lease or give any interest in or right or privilege to utilize its water supply main or mains to any other municipality or any consumer of water whose premises are located outside the corporate limits of the Village, and further agrees not to permit any connection to be made to its water supply main or mains, except to supply consumers within the corporate limits of the Village without first securing the consent in writing of the City Council of the City so to do.

(25) At the end of each calendar year during the term of this contract and not later than March 31st of each year, the Village agrees to submit to the Commissioner of Water and Sewers of the City a report in writing showing in cubic feet or gallons the amount of water furnished the Village and the amount in quantity and charges billed by it to consumers during the preceding year and to furnish such other information regarding billing, collections and delinquencies as may be requested from time to time by said Commissioner of Water and Sewers.

(26) At the end of each billing period, but at least quarterly, the Village agrees to submit to the Commissioner of Water and Sewers of the City a complete list of all water consumers of the Village located or residing outside its corporate limits, showing name, location, character of occupancy, amount of water in cubic feet or gallons furnished, charges billed and payment to the City of Chicago at the higher rate.

(27) To secure payment of the water bills, the City shall have the right at any time to require the Village to pay in advance a sum of money estimated by the Commissioner of Water and Sewers of the City to be equal to the cost of water required by the Village, for a period of ninety (90) days at the then prevailing metered rate, which said advance payment the Village hereby agrees to make upon demand.

(28) The City shall not be responsible in damages for any failure to supply water or for interruption of the water furnished hereunder. The Village agrees to save and keep harmless the City from all damage to real and personal property occasioned or caused by the making of the water connection or connections herein referred to or caused by the furnishing of water hereunder, and shall also keep and save harmless the City from all damage of any kind, nature and description which may arise as the result of the making of this agreement.

(29) The City reserves the right to its Commissioner of Water and Sewers to decide all questions arising as to the proper performance of this contract.

(30) In furtherance and not in limitation of this contract, it is mutually agreed that all rights of the City and the Village of Burnham under the Water Supply Contract dated March 25, 1909 between the City of Chicago and the Village of Burnham and the amended contract dated December 1926 between the City of Chicago, the City of Calumet City and the Village of Burnham to permit the installation of an emergency connection between the 24-inch main of the City of Calumet City and the 6-inch main of the Village of Burnham at 140th Street and Burnham Avenue, and all rights of either party arising from the delivery of water prior to the date of the execution of this agreement are extinguished, except for the express reservation of the right of the City to obtain for, or to enforce collection of any unpaid water charges accruing prior to the date of execution of this agreement.

(31) If the Village shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the Ordinances of the City, or if the Village shall fail to comply with or perform any of the conditions or obligations on their part to be complied with or to be performed hereunder, and if after such failure the City shall deliver at the Village Hall of the Village addressed to the President and Board of Trustees of the Village a a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice, and to terminate this contract unless within such five (5) days the Village shall make good such failure. The shutting off of the supply of water for any such cause shall not release the Village from its obligation to make payments of any amount or amounts due or to become due in accordance with the terms hereof.

(32) No assignment or transfer of this agreement shall be made by the Village.

(33) The Village hereby waives any defenses it may have by virtue of any governmental function it exercises in any action brought at law or equity under the terms of this contract.

(34) No officer, official or agent of the City has the power to amend, modify or alter this agreement or waive any of its conditions or to bind the City by making any promise or representation not contained herein.

(35) This agreement is subject to cancellation by the City of Chicago in the event the Supreme Court of the United States of America or any other court of competent jurisdiction decrees that the City has no right to contract for, sell, disperse, distribute or limit the amount of water the City may use for domestic pumpage or otherwise places a burden on the City in connection with the withdrawal of water from Lake Michigan, or otherwise dispose of water from Lake Michigan, to any municipality or user residing outside of the limits of the City of Chicago.

(36) The authority of the officials of the City to execute this agreement is evidenced by the authority of the City Council of the City of Chicago given on the ..... day of ..... A.D. 19 ....., and published in the Journal of Proceedings of the City Council for said date on pages ..... thereof.

(37) The authority of the officials of the Village of Burnham to execute this agreement is evidenced by the resolution passed by the President and Board of Trustees of the Village of Burnham at a regular meeting of said President and Board of Trustees duly held on the ..... day of ..... A.D. 19 .....

(38) In Witness Whereof, the City of Chicago has caused this agreement to be signed in quintuple originals (each signed copy constituting an original) by its Commissioner of Water and Sewers, counter-signed by its Comptroller, approved by its Mayor, and its corporate seal to be hereto affixed and duly attested by its Clerk, and the Village of Burnham has caused the same to be signed in quintuple originals (each signed copy constituting an original) by its President of the Board of Trustees and its corporate seal to be hereto affixed, duly attested by its Clerk on the day and year first above written.

(31) If the County shall refuse, neglect or fail to pay promptly the water bills rendered for the water supplied it hereunder within the time or times prescribed by the Ordinances of the City, or if the County shall fail to comply with or perform any of the conditions or obligations on their part to be complied with or to be performed hereunder, and if after such failure the City shall deliver at the office of the President of the Board of Commissioners of Cook County, Illinois addressed to the President and Board of Commissioners of Cook County, Illinois a notice in writing of its intention to shut off the supply of water on account of such failure, refusal or neglect, then the City shall have the right to shut off the supply at the expiration of five (5) days after the giving of such notice, and to terminate this contract unless within such five (5) days the County shall make good such failure. Call for Meeting.

John C. Marcin, City Clerk, informed the City Council at the regular meeting held on April 29, 1970, that the following call for the meeting was filed in his office on April 29, 1970:

OFFICE OF THE MAYOR
CITY OF CHICAGO

April 29, 1970.

Honorable John C. Marcin,
City Clerk.

DEAR SIR—I, Richard J. Daley, Mayor, do hereby call a special meeting of the City Council of Chicago to be held on Friday, May 1, 1970, at Noon, on the Civic Center Plaza, for the purpose of taking suitable action in honor of Astronauts, James A. Lovell, Jr., Fred W. Haise, Jr. and John L. Swigert, Jr. and also the Ground Control Crew, Director of Flight Operations, Sigurd A. Sjoberg, Lead Flight Director, Milton L. Windler and Flight Directors Eugene F. Kranz, Gerald D. Griffin and Glynn S. Lunney, assigned to Apollo 13.

Very truly yours,
(Signed) RICHARD J. DALEY,
Mayor.

National Anthem.

At the request of Honorable Richard J. Daley, Mayor, the Fifth Army Band under the direction of Mr. Erlandson played the National Anthem.

Invocation.

Honorable Richard J. Daley, Mayor, requested the audience to remain standing while the Very Reverend James Eddeman, Pastor, St. Thomas Episcopal Church opened the meeting with prayer. The Reverend Eddeman prayed that there would be love and understanding among all men due to our Heavenly Father's intercession in allowing man to probe the Heavens and return safely to earth.

Welcome Extended Astronauts Lovell, Swigert, Haise and Members of Mission Control, and May 1, 1970 Designated "Apollo 13 Astronauts Day in Chicago".

Honorable Richard J. Daley, Mayor, on behalf of himself and the other members of the City Council presented the following proposed resolutions:

WHEREAS, On Saturday, April 11, 1970, Astronauts James A. Lovell, Jr., John L. Swigert, Jr. and Fred W. Haise, Jr., undertook the Apollo 13 Mission to the Moon; and

WHEREAS, Because of the many repeated successes in the space program, the World considered the launching of Apollo 13 as somewhat commonplace and just another step in the continued space exploration program of the United States; after launching, every one turned to his everyday tasks, awaiting in the course of time the routine announcements with regard to the progress of the Astronauts, their ultimate landing on the Moon and eventual return to Earth; and

WHEREAS, On Monday, April 13, 1970 the World was startled by an announcement from the spacecraft that serious trouble had developed in the service module; the subconscious fears of the dangers of space travel now became a reality for every one as they breathlessly watched, waited, and listened intently for further reports reflecting the gravity of the situation, deeply concerned with the safety of the three Astronauts; and

WHEREAS, Only when the Astronauts reported that the command ship was crippled by a loss of electrical power which caused reduction in vital supplies did the magnitude of the accident in space unfold. Mankind as one, without regard to race, religion or nationality, began what seemed to be one continuous prayer for the safe return to Earth of the three space voyagers; and

WHEREAS, After careful analysis and evaluation of all factors by ground personnel in conjunction with the three Astronauts, it was determined that the spacecraft should proceed to circle the Moon and then proceed with re-entry plans to Earth; by this time, because of the lack of oxygen and other vital supplies, the Astronauts were required to remain in the Lunar Module, which was originally scheduled to make the Moon landing, thus requiring on the part of both the Astronauts and the ground personnel the exercise of exceptional courage, ability and faith under the most unusual and highly dangerous circumstances; the three Astronauts aboard Apollo 13 were in constant jeopardy of the possible imminent loss of their lives; and

WHEREAS, Notwithstanding the circumstances and attendant dangers, the Astronauts and the ground personnel at the Houston Space Center, working together during what appeared to be a never-ending period of four days, in the highest and best tradition of team effort, mindful of the extreme seriousness of the situation, fully aware that at any moment further failure could occur that might alter the situation for the worse, concerned about the direction of flight of the spacecraft which might place it beyond the Earth, several times requiring special firing of the Lunar Module Engine to place it in proper trajectory for landing; and

WHEREAS, Recognizing that no matter how far advanced man is in the field of technology, no matter the extent of mechanization and computerization, in the last analysis it was not just machines, essential as they might be, that were responsible for the safe return of the Astronauts, it was man's initiative, ingenuity, technical excellence, and tireless effort on the ground and in space, that brought to successful fruition the safe return of Astronauts Lovell, Swigert and Haise, who were, for all practical purposes, literally "pulled from the jaws of death"; and

WHEREAS, Virtually all the people of the World, by the grace of the miracle of technology, through television, watched, waited and prayed for the safe return of the Astronauts. Nations expressed their concern through letters, telegrams, and telephone communications from their leaders to the President of the United States and finally expressed their thanks in prayers of thanksgiving to The Almighty, when the splashdown of the Apollo 13 Capsule at last signaled the safe return of the Astronauts to Earth; this spontaneous outpouring of concern achieved a symbolic unity of all men on Earth never before so dramatically expressed; now, therefore,

Be It Resolved, That the Mayor and the City Council, in special meeting assembled this 1st day of May, 1970, do hereby declare Friday, May 1, 1970, to be a day of commemoration of the flight of Apollo 13, and a day to honor Astronauts Lovell, Swigert and Haise and ask all citizens of Chicago and the people of our great Midwest to join in paying tribute to our heroic space adventurers and to their many colleagues at the Houston Space Center for their truly successful accomplishment, adding to the annals of courageous men in space; and

Be It Further Resolved, That Friday, May 1, 1970, is hereby declared Lovell, Swigert and Haise Day in Chicago and that the flag of the United States be flown on all public buildings, at all places of business, and from every home in the City of Chicago.

Alderman Keane (seconded by Alderman Bohling) moved to Adopt the foregoing resolutions.

The motion *Prevailed,* unanimously.

Presentation of Governor Ogilvie, Senator Percy and Senator Smith.

Honorable Richard J. Daley, Mayor, thereupon said that it gave him great pleasure to present the Governor of the State of Illinois, Richard B. Ogilvie.

Governor Ogilvie in addressing the assembled aldermen and guests said that it was indeed a pleasure as Governor of the State of Illinois to welcome these outstanding Americans. He thanked them for coming to Illinois and to Chicago. He added "and thank God you got back". He also stated that the feats of the astronauts and the ground crew would serve as an inspiration to our great nation, and that all were deeply grateful for their performance and fidelity. He concluded by wishing them good luck.

Mayor Daley then called upon the Senior Senator from Illinois, Charles H. Percy. The Senator spoke of his hope that all nations, east and west, north and south would help to push back the frontiers of human knowledge, that all might share in the cost, in the glory, with all mankind in order that we might work together in space, and that we would come back to earth and work together. He stated that the Astronauts had shown the way in the past and would con-

tinue to do so in the future. He expressed his pride in the crew and said that he was proud to be an American.

Mayor Daley next called upon Senator Ralph T. Smith to address the assembled guests. Senator Smith stated that he was delighted to have the opportunity to welcome to Chicago and Illinois the two Astronauts. He spoke of having been in a large Washington restaurant on the evening that the President had asked for a moment of silent prayer, all those in the restaurant became silent at the hour appointed, and he felt that these prayers and all the other prayers that were offered were of great help in bringing them safely back.

Conferring of Honorary Citizenship on Members of Apollo 13 Crew.

Honorable Richard J. Daley, Mayor, then announced that by virtue of the authority conferred upon him by the City Council, and by virtue of the power as Mayor of the City of Chicago he wished to confer honorary citizenship upon the members of the Apollo 13 crew, stating that with the award went all the thanks and gratitude of the people of Chicago.

The first to be so recognized was Astronaut John L. Swigert.

In accepting the honor, Astronaut Swigert said that he wished to thank everyone and promised to undertake his responsibilities as a citizen of Chicago with pride in both the City's past achievements and future progress, which progress he felt lay in the realm of space exploration. He said that he and the other astronauts were most appreciative of the active participation through thoughts and prayers, which gave them immense strength. He stated that he felt the exploration of space offered new fields of endeavor and new testing grounds, tests of their ingenuity in the crisis which they had so recently faced, without either illusion or panic. He also said that he felt that space offered a new perspective from which to view ourselves and our planet, that from the moon's great shadow, earth appeared live and vibrant. The impetus given them from this view would result in a desire to improve human conditions here, having reached the moon twice, he said he was sure we could do so again. He concluded by saying "are not all dreams within possibility?", and that he too was very proud to be an American.

The Mayor next presented Sigurd A. Sjoberg, Director of Flight Operations.

Director Sjoberg thanked everyone for the honor of being invited and stated that he had heard about Chicago hospitality and that he found it to be indeed overwhelming. After reviewing all the phases of the flight, they had found that the most gratifying development to have been the tremendous response of the people to bring the Astronauts home safely. He also expressed his gratitude for the other nations who offered their help in achieving this objective. He offered his congratulations to Jim Lovell, Fred Haise and John Swigert on the great job they had done during the trying days, stating that their outstanding performance made that of the ground crew so much easier. He thanked the Mayor for the honor bestowed upon the ground crew which he was accepting in their name.

Following Flight Director Sjoberg the following members of the ground crew were then called to the rostrum:

Lead Flight Director, Milton L. Windler;
Flight Director Eugene F. Kranz;
Flight Director Gerald D. Griffin; and
Flight Director Glynn S. Lunney.

All accepted the honorary citizenship award with a simple but heartfelt "thank you".

The Mayor noted that these were men who had accomplished great things, and that they were "doers" not "talkers".

Chicago Medal of Merit Presented to Capt. James A. Lovell, U. S. Navy.

Honorable Richard J. Daley, Mayor, thereupon presented the Chicago Medal of Merit to Captain James A. Lovell, United States Navy, stating that Captain Lovell had previously been made an honorary citizen on the occasion of his previous visit to Chicago as a member of the Apollo 8 Flight.

Captain Lovell in addressing the audience stated that it was a special pleasure for him to return to Chicago. He cited the many outstanding citizens who had contributed in one way or another to Chicago's greatness and to specific contributions made to the space program. He spoke of the number of components that had been made in the Chicago area which were aboard Apollo 13. He remarked that he had wondered if he was going to make it back. He said that it was the same dedicated spirit and creativity that made Chicago what it was today after the disastrous fire that had made the space effort so successful. He characterized Chicago as a wonderful town, which had added so much to progress on the earth. He too expressed his thanks for the honor bestowed upon his teammates and the members of the ground crew.

Honorable Richard J. Daley then addressed the meeting. He cited Captain Lovell as being a great commander of the space ship and also for his interest in the Olympic Games for retarded children.

He also expressed his regret that Astronaut Fred W. Haise, Jr. could not be present, hoping that he might come to Chicago at some future time. He requested that the Honorary Citizenship Award be presented to him by one of the other members present.

The Mayor then requested that the Fifth Army Band play "God Bless America". The audience rose and sang the lyrics.

ADJOURNMENT.

Alderman Keane moved that the City Council Adjourn. The motion *Prevailed,* and the City Council *Stood Adjourned.*

Welcome Extended Members of First Trans-Atlantic Flight of K.L.M. Airline to Chicago-O'Hare International Airport.

By unanimous consent Honorable Richard J. Daley, Mayor, called the Council's attention to the presence at the meeting of several distinguished guests who were members of the inauguration flight of K.L.M. Airline to Chicago-O'Hare Airport, stating that the flight had been christened the "Flying Dutchman" and "Admiral Byrd" in honor of all great explorers, because the Netherlands had always excelled in exploration. He wished them well in all future ventures and said he hoped these flights would result in greater friendship and a closer association between both countries.

Honorary Citizenship was bestowed upon each of the following:

His Excellency M. J. Keyzer, Secretary of State of Traffic and Waterway;

WHEREAS, He was a major architect of the AFL-CIO merger which united the house of labor; and

Be It Resolved, By we, the members of the City Council of the City of Chicago, in meeting assembled this 20th day of May, A.D., 1970, do hereby make public acknowledgement of the monumental contributions made to the cause of labor and to the general welfare of this nation by Walter Reuther, and extend to the bereaved members of his family and to his associates in the United Auto Workers Union, our heartfelt condolences.

Alderman Bilandic moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

In speaking of the late Mr. Reuther, the aldermen all spoke highly of his dedication to not only the labor forces which he represented but his keen interest in the welfare of all people. He was lauded for the innovations he introduced while negotiating labor contracts, how he had been characterized on numerous occasions with unpleasant charges, but that he had ultimately been recognized as a friend of both labor and all underprivileged persons. It was noted that not only had labor lost a great champion but that management too would miss him. All deplored his loss as a "giant in labor", one who had made great strides in overcoming injustices and who had a great understanding of the problems confronting the world today. All agreed that labor not only had sustained a great loss with his death but that all citizens would experience this loss too.

Honorable Richard J. Daley, Mayor, also spoke of what a great loss Mr. Reuther's death would entail, stating that he had had great pleasure in considering the late labor leader as a personal friend. He spoke of him as having been a rare type of man who had combined all of the qualities of humility with that of great vision as to the country's future. The Mayor spoke of Mr. Reuther's hope to one day realize the total productivity of every individual, that he had been unafraid to voice opinions to that effect, even though he had often been alone in voicing his sentiments. He concluded by saying that all America had lost a great man.

On motion of Alderman Bilandic (seconded by Alderman Frost and Alderman Cousins) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.

Be It Further Resolved, That a suitable copy of this resolution be presented to his widow, Helen.

Alderman Wigoda moved to *Suspend the Rules Temporarily* to permit immediate consideration of and action upon the foregoing proposed resolution. The motion *Prevailed.*

Alderman Wigoda and Alderman Simon in speaking of the late Mr. Livingston spoke of his keen interest in all affairs pertaining to the City, how he had served in many capacities cheerfully and willingly. Unlike the impression that most hold bankers as being aloof and rather impersonal, Mr. Livingston was noted for his keen interest in all persons from the highest to the lowest. He was cited for his many activities, the innumerable hours he spent with the Chicago Boys' Club and his unfailing interest in the University of Chicago with which he sometimes disagreed but for which he always insisted upon the maintenance of its academic freedom. It was also noted that he almost single-handedly reorganized the Chandler Act covering bankruptcy, making it into a more humane instrument reflecting the needs of poor people as well as those who were considered rich. It was also cited that he had contributed immensely to the enlargement of the Forest Preserve District.

Honorable Richard J. Daley spoke of the tremendous contribution the late Mr. Livingston made to the City of Chicago when he had urged the construction of the present First National Bank building at its present location, because of his confidence in the future of the City. He spoke of Mr. Livingston as always being helpful and considerate. He extended his condolences to the bereaved family.

On motion of Alderman Wigoda (seconded by Alderman Simon) the foregoing proposed resolution was *Adopted,* unanimously, by a rising vote.
